TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Barrington in the County of Strafford in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the auditorium, Barrington Community Building in said Barrington on Tuesday, the 14th day of March next at 10 of the clock in the forenoon, to act on the following subjects.

Polls Open at 10:00 AM.
Polls Close at 6:00 PM.
Articles of Business at 7:30 PM.

ARTICLE 1 To choose, by ballot and majority vote, one Selectman, one Trustee of Trust Funds, one Auditor and one Special Trustee for Library Funds for three years.

ARTICLE 2 To choose, by ballot and majority vote, one supervisor of the checklist for a six-year term and one moderator for a two-year term.

ARTICLE 3 To vote, by ballot, on the following question: "Shall we continue three-year terms of office for the Town Clerk, Tax Collector and Treasurer?"

ARTICLE 4 To vote, by ballot, on the following question: "Shall we adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident 65 years of age up to 75, a $5,000 exemption; a resident of 75 years of age up to 80, a $10,000 exemption; a resident of 80 years or older, a $20,000 exemption; provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as man and wife; said resident had a net income of less than $7,000 or combined income with spouse of less than $9,000; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of $50,000?" (by petition)

ARTICLE 5 To vote, by ballot, on the following question: "Do you approve of having two sessions for the annual town meeting in this Town, the first session for choice of town officers elected to be inserted on such official ballot and the second session, on a date set by the selectmen, for transaction of other business?"

ARTICLE 6 To see if the Town will raise the salaries of certain town officers.

ARTICLE 7 To see if the Town will authorize the Selectmen to appoint all necessary Town Officers.

ARTICLE 8 To see if the Town will accept the reports of its Officers and Agents.

ARTICLE 9 To see if the Town wishes to continue with the services of an Advisory Budget Committee and elect two members for a three year term.

ARTICLE 10 To see if the Town will vote to authorize the Selectmen to print the list of assessments in the Town Report on a biannual basis rather than annual.

ARTICLE 11 To see if the Town will vote to raise and appropriate the sum of $50.00 to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the town, in cooperation with other towns in the Lakes Region.

ARTICLE 12 To see if the Town will vote to send a letter to the General Court urging the Court to pass legislation that would prohibit utilities from including in their rates financing charges for facilities not actually able to provide service. Further, that the current rate increase be withheld from payments to the Public Service Co. and placed in escrow. (by petition)

ARTICLE 13 To see whether the citizens of Barrington oppose the practice of "Construction Work in Progress" (CWIP) as a device used by Public Service Co. to pass construction costs on to the consumer in the form of higher electric rates before facilities are providing service, and whether said Barrington citizens instruct their State Representative to support legislation to render the practice of CWIP payments illegal in the State of N.H. (by petition)

ARTICLE 14 To see if the Town will authorize the Selectmen to withdraw the monies remaining in the Fire Truck Trust, $1971.92 plus interest, to be used to offset the second payment on the fire truck.

ARTICLE 15 To see if the Town will authorize the Selectmen to sell the following town owned property acquired by tax sale, in accordance with RSA 80:42: Lots B19, B20, B21 at Long Shores on Berry River Rd.

ARTICLE 16 To see if the Town will vote to authorize the Board of Selectmen to enter into an Agreement for the purpose of disposing of the solid waste generated by the cooperating towns and for the recovery of energy in the most economical and efficient manner. The Agreement is intended to provide, under State statute, for the joining of towns in a cooperative effort for the disposal of solid waste in a manner that will meet Federal and State requirements.

ARTICLE 17 To see if the town will authorize the Selectmen to withdraw from the revenue sharing account the sum of $40,875 for use as the town's share of the capital cost for the construction of incinerator and energy recovery facilities as set forth in Article 16 and further authorize the selectmen to issue and negotiate such bonds and notes and at such rate of interest as may be determined by the Lamprey Regional Solid Waste Cooperative to be established under Article 16 and take such other actions as are necessary and are in the best interests of

all members of the Cooperative, and to allow the selectmen to accept federal, state or other grants that may be available to the town in providing its share of the project.

ARTICLE 18 To see if the Town will raise and appropriate the sum of $15,000 to be set aside for a complete revaluation of property in the Town, in the future.

ARTICLE 19 To see if the voters will authorize the town of Barrington to enter inot an agreement with Town of Strafford, pursuant RSA 53-A:2 and RSA 53-A:3 to establish a water district consisting of the Towns of Strafford and Barrington for the performance of the following function: The supply of water for domestic and fire purposes. (by petition)

ARTICLE 20 To see if the Town will vote to remove the gates and bars from that portion of a road known as France Rd. or Old France Rd. - South to U.S. Route 4 and to reclassify it to a Class five (5) road. (by petition)

ARTICLE 21 To see if the Town will vote to accept Captain Bud Lane after hearing the reports of the Selectmen and their agents. (by petition)

ARTICLE 22 To see if the Town will accept a certain highway over and upon the property of Thomas F. Saulnier for the accomodation of the public. The aforesaid highway consists of a road, named Mayflower Drive, being fifty (50) feet wide and approximately 950 feet long, and providing access to 13 lots as approved by the Planning Board, on the Southerly side of Beauty Hill Road, one and one-half miles West of Route 125, as shown on the subdivision plan on Mayflower Acres, "Plan of Land of Thomas F. Saulnier, Barrington, N.H.", number A-615, dated December 1974, by Fredrick E. Drew Associates, surveyor. (by petition)

ARTICLE 23 To see if the Town will classify Andrade Rd., also known as Isaac's Turn, in the Town of Barrington, County of Strafford and State of N.H. as a Class V public highway. (by petition)

ARTICLE 24 To see if the Town will accept as Town Streets the following streets at Route 125 just north of Dover Federal Savings and Loan Assoc: Forest Brook Drive starting on the easterly side of Route 125 going easterly then southerly to its intersection with Century Pines Drive 1138 feet in length; Century Pines Drive starting on the easterly side of Route 125 going easterly 418 feet to the intersection with Forest Brook Drive, then curving southerly 406 feet to a turnaround, and including said turnaround; as Town Streets subject to applicable ordinances. Said streets were inspected during and after construction by Town Road Agent Lenzi who wrote to the Selectmen on September 10, 1975 stating that "Roadway is in keeping with existing town specifications". Minor improvements and paving of the streets will be done by the owner during the summer of 1978 to meet the new requirements of "Ordinance for Acceptance of New Streets Adopted March 10, 1976", and final acceptance by the Selectmen in the name of the Town, when this work is complete. (by petition)

ARTICLE 25 To see if the Town will carry out the surfacing

of Meadowbrook Rd. (by petition)

ARTICLE 26 To see if the Town will raise and appropriate the sum of $28,000 for surfacing of Second Crown Point Rd., from Pond Hill Rd. to the bridge.

ARTICLE 27 To see if the Town will vote to give final acceptance to the following roads in Speedwell Pines, (so-called) area. Lakeshore Drive (so-called), starting from the Southwest side of Beauty Hill Road and going in South, Southwesterly for 750 feet. (approximately). Then, running South, Southeasterly and going 2,217 ft. (approximately) to a terminus. Woodhaven Drive (so-called) starting on the Southwest side of Beauty Hill Road and going in Southeasterly for 395 ft. (approximately), then turning South, Southwesterly for 400 ft. (approximately), and intersection with Lakeshore Drive (so-called) as Town roads subject to applicable ordinances.

ARTICLE 28 To see if the Town will authorize the Selectmen to borrow up to $500,000 in anticipation of taxes.

ARTICLE 29 To see if the Town will accept all other items in the budget not covered by Articles in the warrant.

ARTICLE 30 To transact any other business that may legally come before said meeting of the Honorable Town Government.

Given under our hands and seal, this 22nd day of February, in the year of our Lord Nineteen Hundred and Seventy-Eight.

A true copy of Warrant-Attest:

REPORT OF THE AUDITORS

We hereby cerity that we have examined the foregoing accounts and find them properly vouched and correctly cast.

Avis Taylor
Clarence Garnett
Lynda Sanders

In the spring of 1977, the Town's tax map was completed. Long-time resident Harold Flower and surveyor-civil engineer Frederick E. Drew, Jr., conducted the project. The maps are available at the Town Office for public inspection.

Harold Flower was born in Bethel, Vermont on September 15, 1898. He moved to Lynn, Mass. and was educated there. In 1917, he enlisted in the U.S. Army and served for 18 months. On July 26, 1919, he was married to Addie Carter.

Harold worked as a foreman in the shoe industry for several years, and later joined the Metropolitan Life Insurance Co. He and Addie moved to Barrington in 1931. During the 1930's, he worked as a truck driver and painter.

Harold served as Town Treasurer for one term, Selectman for five terms, and as school auditor. He was a member of the General Court from 1943-44 and a County Commissioner from 1947-48. He was the second president of the Strafford County Forest Fire Wardens Association, following Ralph Seavey of Rochester. Harold is still a member of the Strafford County Law Enforcement Association.

He was one of those instrumental in organizing the Barrington Fire Dept. Under two administrations, he served as Superintendent of the Strafford County Home. For eight years, he worked at the Blue Job Fire Lookout Tower, from which he retired in 1963.

Harold has also been a member of the Congregational Church, Centennial Grange and the Historical Society.

The Town of Barrington extends its thanks to Harold for his outstanding contributions throughout the years.

SELECTMEN'S REPORT TO THE TOWN

To the Citizens of the Town of Barrington:

Your town continues to grow. The residential population now stands at over 3500 and with the number of approved home sites, the population could reach 5000 by 1980. New neighbors with new ideas are bound to bring change. Your Selectmen see this in the increased call for services. More people are turning to the Town for solutions to such things as property transfers, provision of food and shelter, emergency medical services, protection of property and aid in resolution of neighborhood problems. It is important for citizens to remember that they will have to pay for these additional services. Also, there has been an increase in state and federal regulations. The proposed Isinglass River dam is one example of these pressures from the outside. The Selectmen are acutely aware of the need for planning for the future so that the Town will be able to respond to these new requests and adapt to the inevitable changes in the community. Hopefully, the result will be a better community for all.

The programs that are proposed by the Board of Selectmen for 1978 are frugal, but provide for the basic needs of the community. There are three important areas that must, in our opinion, be brought to the attention of the voters of the Town of Barrington.

First, is the disposal of solid waste. As you know, we are under federal and state directive to stop burning at the dump. A public informational meeting has been held and we have included an outline of the alternatives in the Town Report. The Selectmen's recommendations are contained in this report on page 47 and in Article 16.

Another area needing review is the value or tax base of the Town. Currently, the equalized assessed valuation on all new property stands at 59%. As the equalized assessed valuation drops, there is a greater chance that values will deviate from the equalized figure and inequities creep in. With land values increasing more rapidly than house values, the average home owner is paying more than his share of tax. The Selectmen feel that the time is at hand to bring values up to current levels. A revaluation would give the Town an opportunity to locate properties that have been improved since 1970 and not reported to town officials. The projected date of completion for the revaluation is 1980 and the estimated cost is $50,000. The program we propose in warrant article 18 would distribute this cost over a three year period.

The other issue which the Selectmen are concerned about is the position of Administrative Assistant. The Town of Barrington may only exercise the powers which the State of N.H. grants to it and these powers must be executed according to the enabling legislation passed by the New Hampshire Legislature. With the complexity of the everchanging laws and the demand for services resulting from the rapid growth of our town, the time has come when the Selectmen need some professional assistance. An Administrative Assistant serves to provide the Board of Selectmen and the Town Government with the information they need to make decisions, to communicate with state and federal agencies in order to obtain funds which will offset the Town's tax rate, and would allow for continuity for future Boards of Selectmen.

The line item budget, as presented by the Board of Selectmen will reflect a slight decrease in costs to the residents of the town of Barrington. Some departments do show an increase; however, these

are offset by increases in revenues. For example, the road maintenance budget of $75,000 is offset by expected increases in the town's share of the cost of auto registrations, estimated for 1978 at $83,000. In the area of police and fire protection, it is the Selectmen's recommendation that the Town's needs continue to be met by a part-time police force and volunteer fire department. This year, the Selectmen will propose to the Fire Chief that consideration be given to a substation in the Route 4 and Route 202 areas, for fire protection. Also, we began planning for a First Responder Unit, a staff of Emergency Medical Technicians who will be available to render emergency medical treatment. In the area of human services, the Administrative Assistant has developed an ongoing program of referrals to other social service agencies for better assistance to the applicants. The dog problem continues to be an area of concern and expense to the Town of Barrington. Only with the assistance of dog owners can we solve this problem.

In closing, we would like to thank the town government for their support and all Barrington citizens who have assisted us throughout the past year.

Ronald P. Seaver
George T. Musler
Earl W. Colby
Board of Selectmen

AGREEMENT FOR FORMATION OF LAMPREY REGIONAL SOLID WASTE COOPERATIVE

WHEREAS, the municipalities to this Agreement have the duty to provide for the disposal of solid waste generated within their respective territories; and

WHEREAS, the municipalities to this Agreement have determined that it will be a more efficient use of their powers and to their mutual advantage to enter into this Agreement; and

WHEREAS, the municipalities to this Agreement are authorized to enter into said Agreement pursuant to the New Hampshire Intergovernmental Agreements Act, RSA 53-A;

NOW, THEREFORE, the municipalities of Barrington, Durham, Greenland, Lee, Madbury, Newfields, Newington, Newmarket, Northwood, Rollinsford, Strafford and Stratham for and in consideration of the mutual promises and agreements hereinafter stated and the performance therefor, do hereby promise and agree as follows:

ARTICLE I

PURPOSES

The purposes of this Agreement are to provide for the efficient and economic disposal of solid waste generated within the territories of the municipalities joining in this Agreement, to provide for the recovery and sale of energy, and to provide for the recovery and sale of energy, and to provide for the recovery and sale of by-products from the disposal of solid waste.

ARTICLE II

ORGANIZATION

The municipalities joining in this Agreement do hereby associate together for the purpose of forming the Lamprey Regional Solid Waste Cooperative to administer and operate a solid waste disposal and energy recovery facility.

ARTICLE III

ADOPTION OF AGREEMENT

This Agreement shall not take effect with respect to the municipalities signing this Agreement unless all of the following occur:

A. The terms of this Agreement conform to the specific requests of the Attorney General, provided that the failure of the Attorney General to approve of this Agreement within thirty days of its submission for review shall constitute approval thereof as provided in RSA 53-A:3V.

B. This Agreement has been filed with the Clerk of each municipality voting to approve it and with the Office of the Secretary of State.

C. The combined capital authorization of the municipalities voting to adopt this Agreement at the 1978 annual meeting amounts to $2,420,000; provided that the vote of each municipality to adopt this Agreement and appropriate a pro-rata share of the initial capital investment shall be deemed to continue until July 1, 1978.

D. In the event the combined capital authorization of the municipalities voting to approve of this Agreement at the 1978 annual

meeting does not amount to $2,420,000 this Agreement shall be adopted as follows:

1. The Boards of Selectmen of the municipalities voting to adopt this Agreement and voting to appropriate a pro-rata share of the capital cost of the facility, shall each appoint a director to serve on a provisional board which shall exist until no later than July 1, 1978.

The provisional board shall have the limited authority to

(a) solicit the membership of additional municipalities to the Cooperative;

(b) to determine the pro-rata capital contribution and net operating contribution of new members; and

(c) to assess municipalities a pro-rata share of the legal, administrative, and consulting costs associated with the formation of the Cooperative even though the solid waste disposal and energy recovery facility is not constructed.

2. A municipality or municipalities shall be invited to join the Cooperative subject to such terms and conditions as decided by a majority of the provisional board.

3. If this Agreement is approved by a majority vote of the legislative body of the municipality seeking admission to the Cooperative, said municipality shall become a member of the Cooperative subject to all the provisions of this Agreement, any amendments thereto and such further conditions as imposed by the provisional board.

4. As soon as the combined capital authorization of the municipalities approving this Agreement no later than July 1, 1978 amounts to $2,420,000, then an organizational meeting of the directors of the respective municipalities shall be convened and the process of financing the cost of construction and the cost of operation of the solid waste disposal and energy recovery facility shall be implemented as provided in Articles VI and VII hereof.

ARTICLE IV

ADMINISTRATION

The powers, duties and responsibilities of the Cooperative shall be vested in and exercised by a joint board. Each municipality joining in this Agreement shall be represented by one director who, in the first instance, shall be appointed by the Board of Selectmen of the respective municipality. Each director shall have one vote.

The terms of office of the directors representing the respective municipalities approving this Agreement shall be fixed as follows:

Phase I. The directors for the towns of Barrington, Durham, Greenland and Lee shall have an initial term of one year. Subsequent directors representing said municipalities shall be appointed by the Boards of Selectmen and shall serve for terms of three years.

Phase II. The directors for the towns of Madbury, Newfields, Newington and Newmarket shall serve an initial term of two years. Subsequent directors representing said municipalities shall be appointed by the Boards of Selectmen and shall serve for terms of three years.

Phase III. The directors for the towns of Northwood, Rollinsford, Strafford and Stratham shall serve an initial term of three years. Subsequent directors representing said municipalities shall be appointed

by the Boards of Selectmen and shall serve for terms of three years.

In the event of resignation, incapacity or death of a director, the Board of Selectmen of the municipality so affected shall appoint an interim director to fill the unexpired portion of the vacant office.

Any director may be removed from office by the municipality which he represents for any reason which would justify the removal of a public official under the law of New Hampshire.

Upon the effective date of this Agreement, or as soon thereafter as possible, the directors shall hold an organizational meeting to elect officers to appoint an operational committee and to appoint such other committees as the joint board shall deem necessary. The joint board shall at its annual meeting, elect officers to serve for a term of one year. The terms of committee members shall be for such periods as fixed by the joint board.

The joint board shall choose a chairman by ballot from its membership. It shall appoint a secretary and treasurer who may be the same person, but who need not be members of the joint board. The treasurer shall receive and take charge of all money belonging to the Cooperative and shall pay any bill of the Cooperative which has been approved by the joint board. In the event the Treasurer is not a member of the joint board he shall serve at the pleasure of the board, otherwise he shall serve for a term of one year. The treasurer may by vote of the joint board be compensated for his services.

The directors shall appoint from their membership an operational committee consisting of three members. This committee shall have the responsibility of making recommendations to the joint board with regard to the ordinary operation and maintenance of the solid waste disposal and energy recovery facility.

The joint board shall meet at least bi-monthly. A special meeting of the joint board may be called by the chairman or by any three directors. Unless otherwise provided by this Agreement, all questions decided by the joint board shall be approved by a majority vote of the directors representing all of the municipalities belonging to the Cooperative. A quorum for any meeting of the joint board shall consist of one more than one half of the directors representing all of the municiplaities belonging to the Cooperative.

The joint board may adopt by-laws for the conduct of business as long as said by-laws do not conflict with the terms of this Agreement or the provisions of RSA 53-A.

ARTICLE V

POWERS

The Cooperative shall have the following powers and duties:

I. To sue and be sued, but only to the extent and upon the same conditions that a city or town may be sued.

II. To hold, purchase, convey or lease real or personal property for the lawful purposes of the Cooperative and to plan, construct, equip and operate a solid waste disposal and energy recovery facility for the benefit of the member municipalities and to make any necessary contracts in relation thereto.

III. To receive and disburse funds for any lawful purpose for which the Cooperative was formed.

IV. To assess member municipalities for any expenses incurred for the purposes for which the Cooperative was formed.

V. To create a reserve fund for operation from any surplus remaining on hand at the end of any fiscal year, provided that the

amount transferred to said fund shall not in any one year exceed five percent (5%) of the operating budget of the Cooperative for the prior year.

VI. To create a capital reserve fund from any surplus remaining at the end of any fiscal year provided that the amount transferred to said fund shall not exceed one percent (1%) of the last year assessed valuation of the municipalities belonging to the Cooperative.

VII. To engage legal counsel.

VIII. To submit an annual report to each of the member municipalities containing a detailed financial statement and a statement showing a method by which the annual charges assessed against each municipality were computed.

IX. To engage employees and consultants to operate the Cooperative.

X. To enter into contracts for solid waste disposal with persons, corporations, non-member municipalities and any other lawful political entities.

XI. To engage in any lawful act or activity for which a "legal or administrative entity" as defined by RSA 53-A(II)(b) may be organized and to do any and all of the acts herein set forth or implied and such other acts as are incidental or conducive to the attainment of the objects and purposes of the Cooperative.

ARTICLE VI

CAPITAL COST

A. The capital cost for the solid waste disposal and energy recovery facility, including equipment, construction, engineering and startup expense, has been estimated at $2,420,000 which includes a ten percent (10%) overrun allowance.

B. The solid waste generated by the municipalities listed in this paragraph for the year 1977 has been estimated by the consulting firm of Camp, Dresser and McKee, Inc. and set out on page 9 of a certain Final Report entitled "Feasibility Study of Regional Solid Waste Incineration Plant for Durham, New Hampshire (Lamprey River) Region, dated December 27, 1977. Said estimates are hereby ratified and affirmed by the municipalities executing this Agreement. Based upon said estimates the capital cost of the solid waste disposal and energy recovery facility, including a ten percent (10%) overrun allowance shall be apportioned as follows:

Municipality	Pro-Rata Share	Capital Cost Including 10% Allowance for Overrun
Barrington	14.54%	$ 351,868
Durham	22.33%	540,386
Greenland	7.28%	176,176
Lee	6.75%	163,350
Madbury	2.86%	69,212
Newfields	3.12%	75,504
Newington	12.98%	314,116
Newmarket	14.03%	339,526
Northwood	8.57%	207,394
Rollinsford *	5.97%	144,474
Strafford *	3.12%	75,504
Stratham	7.54%	182,468

*The pro-rata capital contributions of the municipalities of Strafford and Rollinsford have been determined as follows:

The solid waste generated by Strafford and Rollinsford in the year 1977 has been estimated by employing the same method used by Camp, Dresser and McKee, Inc. to estimate the solid waste generated by the municipalities listed on page 9 of said Final Report. The resulting estimates were divided by the total estimate for the municipalities listed on page 9 of said Final Report (385 tons per week). These percentages were multiplied by the figure of $2,420,000 to arrive at the respective pro-rata capital contribution of Strafford and Rollinsford.

C. In the event the Cooperative is established by the process contained in Article III, Paragraph D, the capital cost for the solid waste disposal and energy recovery facility, including equipment, construction, engineering and startup expense, plus ten percent (10%) allowance for overrun shall be apportioned as follows:

For those municipalities approving this Agreement at the 1978 annual meeting, the joint board shall determine the solid waste generated by said municipalities in 1977 by using the Camp, Dresser and McKee, Inc. figures set out on page 9 of said Final Report. For those municipalities adopting this Agreement between the 1978 annual meeting and July 1, 1978, the joint board shall determine the solid waste generated by said municipalities for the year 1977 by employing the same method of estimation used by Camp, Dresser and McKee, Inc. in said Final Report.

The resulting figures shall be divided by the total figure for all the municipalities approving this Agreement. The estimated percent of solid waste generated by each municipality shall be multiplied by the figure of $2,420,000. The resulting figures shall be the capital contribution of each municipality for the initial year.

In the event the solid waste generated by any municipality in the first full year of operation exceeds or is less than the amount estimated by either Camp, Dresser and McKee, Inc. or the joint board for the year 1977, there shall be no reapportionment of the capital contribution of any municipality made during the first year of operation of the facility.

ARTICLE VII

COST OF OPERATION

A. The term "net cost of operation" or "net operating cost" shall mean all costs and expenses of the Cooperative relating to the operation and maintenance of the solid waste disposal and energy recovery facility, including without limitation, all costs of accepting, processing, storing and disposing of waste, labor, utilities and all costs associated with spare parts, equipment, insurance, maintenance of equipment and facilities, cleaning services, general outside accounting service, consulting services and legal services, and all costs and expenses relating to the payment of any bond or indebtedness, including principal, interest and bonding charges, whether incurred by one municipality or two or more municipalities for the benefit of the Cooperative, minus any revenues received by the Cooperative in exchange for the sale of energy or from the sale of by-products recovered from the processing of said waste.

Provided, further, that the costs incurred by the individual municipalities for transporting solid waste to the solid waste disposal and energy recovery facility shall not be considered in determining the net operating cost.

B. The net cost of operating said facility for the first year shall be apportioned as follows:

Municipality	Pro-Rata Share
Barrington	14.54%
Durham	22.33%
Greenland	7.28%
Lee	6.75%
Madbury	2.86%
Newfields	3.12%
Newington	12.98%
Newmarket	14.03%
Northwood	8.57%
Rollinsford	5.97%
Strafford	3.12%
Stratham	7.54%

*The pro-rata contribution of the municipalities of Strafford and Rollinsford to the "net cost of operation" of the Cooperative for the first year has been determined as follows:

The solid waste generated by Strafford and Rollinsford in the year 1977 has been estimated by employing the same method used by Camp, Dresser and McKee, Inc. to estimate the solid waste generated by the municipalities listed on page 9 of said Final Report. The resulting estimates were divided by the total estimate for the municipalities listed on page 9 of said Final Report (385 tons per week). These percentages shall be the pro-rata contributions of the municipalities of Strafford and Rollinsford toward the net operating cost of the facility for the first year of operation.

C. The net cost of operating the solid waste disposal and energy recovery facility during the following years shall be computed as follows:

The joint board shall determine the solid waste actually processed for each municipality in the preceding year from records maintained at the facility. The resulting figures shall be divided by the whole figure of solid waste generated by all the municipalities. This percent of solid waste generated by each municipality shall be multiplied by an estimate of the net cost of operation for the next year as determined by the joint board.

The resulting figures shall be the mandatory annual operational fee for each municipality.

D. The success of the Cooperative is premised upon the assumption that each municipality shall process a minimum percentage of the total solid waste processed at the facility each year. The failure of the Cooperative to receive a guaranteed percentage from each municipality during the term of this contract will result in a loss of revenue from the sale of energy and by-products and will produce a corresponding increase in the cost of operating the facility. Accordingly, after the second full year of membership in the Cooperative, each municipality approving this Agreement guarantees to process annually a minimum percentage of the entire solid waste processed at the facility which percentage shall equal the average of the percentages processed by it during the first and second years of membership.

In the event a municipality fails to process its guaranteed percentage of the total amount of solid waste processed at the facility, the joint board shall, nevertheless, assess said municipality its mandatory pro-rata operational fee based upon said guaranteed

percentage.

Furthermore, the joint board shall be permitted to assign that portion of the guaranteed percentage which any municipality fails to meet, to a member of the Cooperative or to a non-member municipality upon such terms and conditions as the joint board deems advisable. Any solid waste collected and processed pursuant to such an assignment shall not be credited to the municiaplity which fails to meet its guaranteed percentage.

E. Each member of the Cooperative shall be guaranteed that during the term of this Agreement it shall be permitted to process a certain percentage of the total sclid waste processed at the facility in any one year, which percentage shall at least be equal to the average of the percentage processed by it during the first and second years of membership in the Cooperative.

F. Notwithstanding any provisions in this Agreement, the Cooperative may, by a two-thirds majority vote of the joint board, decide to adjust the relative pro-rata shares of the members in regard to initial capitalization, net operating fees and guaranteed percentages.

ARTICLE VIII

OPERATING AGREEMENT

It is anticipated that the Cooperative may enter into an operating agreement with the University of New Hampshire for the operation and maintenance of the solid waste disposal and energy recovery facility. Each municipality joining the Cooperative agrees that it will be bound by the terms and provisions of the operating agreement relating to, but not necessarily limited to, such subjects as vehicular regulations, liability for processing of hazardous waste, hours of operation and health and safety regulations.

ARTICLE IX

PREPARATION OF ANNUAL BUDGET

Each year the joint board shall determine the amounts necessary to be raised to maintain and operate the Cooperative during the next calendar year and the amounts required for payment of debt and interest incurred by the Cooperative that will be due in the next calendar year. The joint board shall prepare a budget and make a preliminary apportionment of the amount so determined among the member municipalities in accordance with the terms of this Agreement. Prior to December 31st the joint board shall hold at least one public hearing at some convenient place in the Cooperative on the amounts required in the budget and the preliminary apportionment of the amounts listed in the budget. At least seven days notice of the meeting shall be given by publication of the budget and apportionment in a newspaper of general circulation within the Cooperative and by posting a copy of the budget and apportionment in a public place in each municipality in the Cooperative.

After the hearing the joint board shall adopt a budget and make a final determination of the apportionment of the expenses, the Cooperative treasurer shall certify to the Boards of Selectmen of the member municipalities in the Cooperative the amount of money assessed each municipality. The selectmen of each municipality shall seasonably assess the taxes to be raised to pay the apportionments. The municipality treasurer shall pay to the Cooperative the amount so apportioned in quarterly installments each year.

The joint board shall cause a certified public accountant licensed

to practice in either the State of New Hampshire or the Commonwealth of Massachusetts to conduct an annual audit of the accounts and records of the Cooperative.

ARTICLE X

ADMISSION OF NEW MEMBERS

After initial adoption of this Agreement, municipalities may be admitted to the Cooperative by a majority vote of the legislative body of the municipality seeking admission and upon such terms and conditions as established by a majority vote of the joint board of the Cooperative. New members shall agree to all of the provisions of the Agreement and any amendments thereto, and any other conditions of admittance imposed by the joint board.

ARTICLE XI

DURATION OF AGREEMENT

This Agreement shall continue in force for a term of fifteen years. No municipality approving this Agreement may withdraw from the Cooperative for any reason during the term of this Agreement.

Each municipality approving this Agreement hereby agrees to pay its full pro-rata share of net operating costs of the facility as defined by Article VII hereof.

ARTICLE XIII

BREACH OF AGREEMENT

A municipality shall be deemed to be in breach of this Agreement if it fails to appropraite or make timely payment of its share of capital cost and mandatory operating costs or if it fails to perform or comply with any of the terms, provisions, or conditions of this Agreement. The joint board shall give a municipality written notice of specific acts or omissions which constitute breach. The municipality so notified shall have seven days to conform. If the municipality fails to conform within the above mentioned time period, then the joint board shall have the power to exclude the solid waste generated by said municipality from processing at the solid waste desposal facility. No such exclusion shall render the Cooperative liable for damages or relieve the municipality deemed to be in breach from performance of its obligations hereunder and the Cooperative reserves the right to insist upon specific performance by the municipality deemed to be in breach of its obligations under this Agreement or to claim money damages. Any municipality found to be in breach of this Agreement by a court of law shall be responsible to the Cooperative for its reasonable attorney's fees and expenses incurred in respect to said breach.

ARTICLE XIII

DISTRIBUTION OF ASSETS

Assets of the Cooperative remaining at the time of termination of this Agreement shall be divided among the municipalities according to their proportionate payments or contributions to the capital construction and improvement of the Cooperative during the full term of this Agreement.

ARTICLE XIV

AMENDMENT

This Agreement may be amended only in the following manner:

The director representing any member municipality on the joint board may propose amendments. Any amendment must be the subject of at least one public hearing called in a convenient place within the Cooperative. At least seven days notice of the time, place and subject of the hearing shall be published in a paper or papers of general circulation within the Cooperative and posted in a public place in each member mumicipality. After the hearing, the joint board may adopt the amendment and certify it to the Board of Selectmen of each municipality. The adoption of any amendment shall require approval by at least two-thirds of the Boards of Selectmen of the member municipalities.

ARTICLE XI

SEPARABILITY

In case any one or more of the provisions contained in this Agreement be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby.

IN WITNESS WHEREOF, the municipalities of Barrington, Durham, Greenland, Lee, Madbury, Newfields, Newington, Newmarket, Northwood, Rollinsford, Strafford and Stratham have caused this Agreement to be signed by a majority of their Boards of Selectmen as of the dates hereinafter written.

SOLID WASTE MANAGEMENT ALTERNATIVES

1. Lamprey Regional Solid Waste Cooperative
2. Sanitary Landfill
3. Kingston Landfill
4. An Incinerator in Barrington
5. Additional Considerations
   A. Transfer station
   B. Recycling

INTRODUCTION

The Town of Barrington has been ordered by the Air Pollution Control Commission to cease the burning of refuse at its dump site, in compliance with Environmental Protection Agency regulations. Further, the Federal Resource Conservation and Recovery Act of 1976 prohibits all open dumping. Federal law has now established a deadline of July 1, 1979 for alternative methods of solid waste disposal to be operational. At that time, a fine may be imposed - per day fine could be the difference between the town's current costs for solid waste disposal and the cost of setting up a program which complies with the law.

In July 1977, permission was granted to the Town to continue burning until Town Meeting 1978, at which time a committment must be made to an alternative means of solid waste disposal. After Town Meeting, the Air Pollution Control Commission will examine the plan which the Town has chosen and a compliance schedule will be es-

tablished.

The Selectmen considered all of the following alternatives as they decided which course of action to recommend to the town. Estimates of total tonnage produced are approximations as we presently have no way of knowing exactly how many tons of refuse we produce. We have relied on the estimates form the Camp, Dresser and McKee Study, which we participated in last year. According to the study, waste generated by the Town is 56 tons per week or 2912 tons per year. Per capita solid waste generation rates were computed for the study region in order to arrive at this estimate. The figures are similar to other estimates for small rural towns.

I. Lamprey Regional Solid Waste Cooperative

The Selectmen will be recommending to the Town Meeting that they vote to join the Lamprey Regional Solid Waste Cooperative and appropriate money to fund the program.

History of Program

In 1976, the Town of Durham engaged an engineering consultant to study the possibility of adjoining towns forming a cooperative solid waste disposal and energy recovery program. More than one-half dozen alternate types of programs were discussed, analyzed and reviewed. The final report recommended the construction of an incinerator on the University campus to produce steam for sale to the University and reduce its consumption of fuel. As a result of this preliminary study in 1976, Durham and nine adjoining towns voted at their respective 1977 Town Meetings to cooperate in a more detailed study of the recommended course of action and appropriated their share of the $20,000 required for the study.

The ten towns voted to cooperate in the study, and as a result a policy committee, composed of one member from each community, was formed to engage a consultant engineer and supervise the conduct of the overall study. This final study, completed in December of 1977, confirmed the earlier recommendations and recommended that the cooperating towns proceed to construct incinerating facilities on the U.N.H. campus adjacent to the present power plant.

The report was accepted by all towns and an Agreement has been prepared providing for a cooperative to build and operate the proposed facility on the University campus at an estimated capital cost of $2,200,000, plus a contingency allowance of 10% (for a total of $2,420,000).

In the interest of economy, and upon the advice of bond counsel, it was agreed by all that the Town of Durham would raise the entire bond issue, contingent upon approval of sufficient towns to guarantee the minimum capital investment required to build the facility.

The Agreement

The Agreement is designed to provide as much flexibility as possible in the construction and operation of the proposed energy recovery facility. It provides for the following:

1. Each town in the cooperative shall be represented by one director and each director shall have one vote.

2. Additional communities can be included prior to July 1, 1978, within the estimated capacity of the plant.

3. When the facility is in operation, each town will pay a "tipping fee" which includes a share of capital and operation costs. The "tipping fee" will be adjusted based on the volume of waste handled.

4. The term of the Agreement is 15 years, and it binds each community for its full share of the total cost for that period.

The Office of the Attorney General has approved the Agreement, as required by state law.

Costs

In 1978, we will be required to pay only our share of the interest on the bond for the first six months, approximately $8,000. In May of 1979, the principal and interest for the first year will be due - $31,374.90. The Selectmen are proposing that the Town appropriate the $40,000 for the first year's payment at Town Meeting this year. They propose that the money be withdrawn from our available Revenue Sharing funds.

It is hoped that the incinerator will be operational by July, 1979. Thus, Barrington will have to provide for a method of collection and transfer before that time. If the 1978 Town Meeting approves the Agreement, the Selectmen will ask the 1979 Town Meeting to appropriate funds for construction of a transfer station and for hauling costs.

When the incinerator is in operation, revenues will offset some of the operating and capital costs and the "tipping fee" will be adjusted. Also, tonnage figures for each town will be adjusted, after actual waste generated has been weighed.

Approximate costs when in operation

Tipping fee - (2900 tons @ approximately $10.00 per ton)	$29,000
Hauling - (1.7 pulls per wk. @ $40.00 per pull)	3,500
Transfer station - (payment on bond plus operating costs)	15,000
	$47,500

Advantages of the Cooperative

1. The facility will be owned by the communities as a group.

2. The communities, through their representatives, control the operation and management of the entire program, and are not dependent on outside influences.

3. The site of the facility has been determined and its use has been recommended to the Trustees by the President and his Physical Plant Development Committee.

4. The Physical Plant Development Committee of the Trustees (Property Committee) has indicated that the towns are to proceed toward obtaining approval and are receptive to the program.

5. The cost of the facility has been established, which permits an analysis of collection and hauling costs.

6. Participating towns have been granted a delay in complying with State and Federal requirements to cease certain of their operations.

7. The estimated cost of operation is lower than any other known operation in the Northeast. An increase of 50% would still keep it below any other estimated incineration program proposed in the area.

8. The Agreement builds in a benefit in operating costs based on increasing costs of oil as fuel.

9. The operation being owned by the communities themselves is taxfree, and such profits as are derived from the operation are designated toward a reduction in the operating cost of the facility.

II. Sanitary Landfill

In 1975, Strafford Regional Planning Commission conducted a study of possible sites in Barrington which might meet environmental criteria for landfill. None are presently owned by the Town. The locations are:

1. Oak Hill Rd.
2. Beauty Hill Rd.
3. Rte. 125, near Lee line
4. Young Rd.
5. Intersection of Rtes. 126 and 202.

In N.H., the State Bureau of Solid Waste regulates all sanitary landfills. They must approve the site as well as the ongoing operation.

A proposed landfill site must:

1. be at least 100 ft. from surface water.
2. have a slope of no more than 15%.
3. have a minimum 6 ft. depth to seasonal high water table.
4. have a minimum 10 ft. depth to bedrock.
5. never be in an area subject to flooding.
6. not be in an area of strong and frequent winds.
7. have material for use as cover.

With the amount of refuse generated yearly in Barrington, .64 acres would be needed at the landfill site per year. An eight acre site, for example, would have a life of twelve and one-half years. The lifetime of the site decreases, of course, as population growth increases the tonnage produced.

The Selectmen determined that sanitary landfill is not the best alternative for Barrington, for the following reasons:

1. Suitable sites - The sites which appear to be suitable are not town owned. Further, four of them are in or near areas which are residential in character.

2. Short - term solution - Disposal of solid waste is a problem that will continue. Even the best landfill site, has a limited useful lifetime. Federal and state regulations are likely to become even more stringent than they are today. The costs of compliance might well become prohibitive.

3. Pollution - The possibility of polluting surface or groundwater is alway present.

4. Costs - In the Strafford Regional Planning Commission Study, it was estimated that the cost of operating our own landfill site would be approximately $17.10 per ton or $49,590 per year. It appears that the cost of landfill would be similar or, perhaps, even greater that the Lamprey Regional Cooperative. Thus, the Selectmen felt that it would be in the best interests of the town to opt for the Cooperative with its guarantee of being a longterm solution.

III. Kingston Landfill

The Selectmen also considered the possibility of having refuse hauled to a large landfill site in Kingston. The site is owned by a private contractor and the state approval is in the name of the

Town of Kingston.

The cost would be $5.16 per capita. A town can contract with the Town of Kingston and have its refuse hauled to the site. Several towns are now doing this. However, there is the possibility that the costs will rise and there is no guarantee that the site will not be sold or, perhaps, even closed by a state or federal agency.

Costs

Fee - ($5.16 x 3500)	$18,060
(Seasonal population - pro-rated for 3 months)	1,740
Hauling - ($75.00 per wk. x 52 wks.)	3,900
Transfer station - (payment on bond plus operating costs)	15,000
	$38,700

Although the costs are comparable to the Lamprey Regional Cooperative the Selectmen decided not to recommend this alternative. Like any landfill operation, the Kingston site is a short-term solution and there are no guarantees that the Town of Barrington's interests will be protected.

IV. An Incinerator in Barrington

The costs of the incineration process, plus the lack of a sufficient amount of waste to operate efficiently, have discouraged small rural towns from building their own incinerators and have led to regional efforts such as the Lamprey Cooperative. Further, a regional operation allows location of the facility in an area in which there will be a market for the energy generated. Rather than just disposing of waste, the incinerator of the Lamprey Cooperative will produce. The Selectmen are not recommending that the town build its own incinerator for the following reasons:

1. Costs - It has been estimated that it would cost the town at least $22.80 per ton to operate its own incinerator, or $66,000 per year.

2. No revenue - There is no market for any heat recovery system. Thus, there would be no revenue to offset that $22.80 per ton cost.

3. Operational considerations - Skilled labor is required for operation. Refuse handling equipment and an ash disposal area are required, adding to the cost of operation.

V. Additional Considerations

A. Transfer station

In order to participate in any waste disposal program not located in the Town, it is necessary to construct a transfer station, so that waste can be compacted and containers hauled away. The station could easily be located at the present dumping site. It will consist of a small control building, a compactor and a container. Size is determined by the Town's present needs, with an allowance for some increase in tonnage as the Town grows. The system will be able to receive packer trucks as well as refuse from individual cars.

Estimate of Costs

350 Compactor	$ 9,171
Ejection container	10,700
Hopper system	5,500
Power unit system	4,000

Construction (Preparation of site)	17,500
	$46,871

It is proposed to finance the cost of the transfer station over 10 years, with a yearly payment of approximately $7,000.

Total transfer station costs	
Payment on bond issue	$7,000
Attendent	4,000
Operations cost - utilities, plowing, etc.	4,000
	$15,000

B. Recycling

A recycling program could be combined with participation in the Lamprey Regional Cooperative and could reduce costs. There is an initial cost to setting up for recycling - containers cost approximately $585 a piece.

Any recycling program must take into consideration whether more revenue can be derived from burning a particular material in the incinerator and producing steam or from recycling it and selling it. Paper, for example, is of greater value when burned in an incinerator. Bottles are non-productive and tend to decrease the efficiency of the incinerator unit.

The Selectmen will continue to evaluate possible benefits of recycling and will make a recommendation to the 1979 Town Meeting, as to whether recycling containers should be part of the transfer station.

REPORT OF THE ROAD AGENT

When I took the job of Road Agent, I had no idea of just what the job entailed nor did I have the remotest conception of what need my home town of Barrington would have for a Road Agent other than to patch roads and to plow snow. These past few months have handed me a quick but genuine education in this unusual occupation.

The first thing I was faced with was getting the contractors back on the job to complete certain projects and contending with the "whys" of cost overruns on others. In addition to patching those ever present holes in the black roads, I graded the gravel roads. After sitting in a grader for the first time in my life, the rains came and washed away my efforts. I had no idea of the amount of traffic in this town, since we have all tried so hard to hang on to the rural atmosphere and a country budget. I was soon informed by one of my more than three thousand bosses that mud holes, pot holes, bumps and flooded culverts are not part of "Country Living" whether I felt they were or not. The leisurely pace of the public has disappeared under the speeding wheels of the automobile.

I had one request for the keys to the Town's grader, which doesn't exist due to a phobia of some sort, so that he could grade the road in front of his house. The only answer on such short notice I could give was that the grader must be parked down at the "Town Shed". Neither of us was happy with that answer. All this and more, much more, was faced with little or no budget left.

It's humanly impossible to do the jobs of laborer, operator of phantom equipment, arrange rental of equipment, be contract negotiator, and liaison to the 3,500 inhabitants of Barrington, and then estimate the needs of the town, in relation to roads, in detail enough to satisfy everyone.

Please don't feel that I'm on the defensive or trying to be offensive; I'm trying only to explain the road needs in Barrington for this year and requesting an adequate budget to meet those needs. We cannot meet the needs of road maintenance any longer in this town with a shovel and rake budget. As you realize, the majority of funds for the highway budget come from the Town tax on automobile registrations, and state funds under RSA 241:14 and the TRA program.

The Administrative Assistant is investigating the possibility of acquiring federal funds for major road projects. However, we must take care of ourselves now while waiting for any windfalls.

Some of our roads are not passable at certain times of the year (Scruton Pond West, for example). However, we expect two school buses to travel those roads twice a day. Although impassable roads were accepted not very long ago, the public (meaning the tax payers) just will not accept such conditions any longer.

My primary consideration when determining where the money should be spent is the amount of traffic on a road, after making sure that the roads are passable.

ARTICLE 9 WOOD ROAD

Of the $15,000 appropriated under Article IX of the 1977 Town Warrant for Wood Road we managed to spend $3,699.16 as detailed below. Still to be spent is a balance of $11,300.84 which will be spent this year on widening the road in specified areas. We have encountered delays on Wood Road for several reasons but mostly because I was new on the job and trying to wrap up other Town Projects and keep the maintenance of the roads up to a passable standard. A contractor for this particular project has not been easy to nail down and at this moment we are still looking for a firm commitment. Perhaps by Town Meeting time we will have one.

REPORT OF THE PLANNING BOARD

The Planning Board met 24 times this year. Approximately 1/3 of our time was spent on Master Planning and 2/3 was devoted to administering the Subdivision Regulations, developing subdivision policy, and conferring with subdividers.

The Board approved 17 subdivisions for a total of 56 potential house lots. This brings the total of approved, but as yet not developed, subdivisions lots to 280. There are a total of 234 approved, but as yet not developed, mobile home lots in the 10 mobile home parks. During 1977, 70 new home building permits and 29 mobile home permits were issued.

The Planning Board, in conjunction with the Zoning Board of Adjustment, has developed a Preferred Use Plan which represents the first phase of the Master Plan. It designates the areas most desired for commercial development and gives the Zoning Board of Adjustment some solid guidelines in granting or denying variances.

As of this writing, the plan is nearly ready for a Public Hearing.

The Board has asked for assistance and information in the preparation of the Master Plan from other town agencies such as; the Conservation Commission, the Historical Society, the School Building Committee, the Selectmen and Town Engineer.

With completion of the Preferred Use Plan accomplished,

the next priority in Barrington's Master Planning is Growth Management.

New Hampshire continues to grow at the rate of 21½% annually and, with the exception of Florida, is the fastest growing State east of the Rockies. That growth is occurring primarily in the southeastern section of the state.

While the cities reap the tax benefits of industry attracted by sophisticated industrial development programs and municipal services, the adjacent rural communities suffer the burdens of exploding school populations and required expansion of limited town services.

In Barrington, this excessive growth rate has caused the cost of education and town services to grow far faster than the tax base provided by the new housing.

Since it is unlikely that the community would be willing to make the long term capital investment in municipal services required in order to control the rapidly rising property taxes.

Toward this end, the Board is considering changes to the Zoning and Building Ordinances that would limit the number of building permits and mobile home permits issued annually. This change would be designed to limit growth to an established percentage that the town could sustain.

We are also considering the "Sounding Board" approach to Master Planning that has been successfully employed in other communities. The Sounding Board, while doing a significant amount of research and problem solving, also provides a far broader representation of town attitudes.

Barrington's Master Plan is being developed as a tool to help guide a healthy, economically sound, and orderly growth to our community. Future Planning Boards should recognize that effective Master Planning must be reviewed and revised periodically to reflect changing community attitudes and needs.

During the past year Ralph Boodey was appointed to replace Donald Smith, whose term expired. Don served the Board as member and Chairman and was appointed as first alternate to the present board. He has faithfully filled in during the vacancy created by the resignation of Nina Gardner. Earl Colby replaced Richard Burrows, whose term expired. Dick's unselfish dedication, ability and experience is sorely missed by this Board. Finally, the Board accepted, with regret, the resignation of Nina Gardner. Nina's sense of justice, boundless energy, and sharp wit brought diverse opinions to common ground.

The Board extends its invitation to any and all townspeople to attend Planning Board meetings. We welcome your constructive criticism, your help, and support in solving your communities complex problems. Our town is facing some difficult choices and controversial decisions. Help us make the right ones.

Respectfully Submitted,
Gerald Pinzari, Chairman
Barrington Planning Board

Master Plan Report

In 1977, the basic background data needed for completion of the Master Plan was compiled. At this point, the narrative, describing the data must be completed and the Planning Board must make some final policy decisions, before the Plan is finished.

Work Completed on the Master Plan in 1977

I. Research and Compilation of data regarding existing land use - lists of approved subdivisions and trailer parks and number of developed lots in each.

II. Transfer of information an individual residences, subdivisions and trailer parks to maps - drawn to scale.

III. Information regarding existing businesses compiled and transferred to maps - drawn to scale.

IV. Transfer of information regarding historical sites, recreation areas and wetlands, to maps.

V. Research of Proposed Use Plans - (areas preferred for commercial and residential development.)

VI. Update of census figures to June 30, 1977.

VII. Beginning of narrative portion of Master Plan - Introduction, Community Attitude Survey Report and Population Report.

VIII. Preparation of maps for Proposed Use Plan.

IX. Research for graphs to be used at public meeting on Proposed Use Plan. Graphs on number of building permits, developed lots, number of school children, tax and budget increases.

X. Major research project concerning growth management. Included class time, research at Law Library in Concord, consultation with officials from other towns and state agencies. Purpose of research to study growth management in other communities and methods other communities have used to determine an optimum rate of growth.

The Master Plan is a publicly devised set of goals which is intended to enhance orderly growth and change in the community. It provides a set of guidelines for the Planning Board to use as they make decisions which will affect future growth and development. The Plan is not a law, but, rather, a collection of data in areas such as population, economy, land use, and natural resources. This data is then used as the Proposed Use and Growth Management Plans are formulated. Only after Public Informational Meetings will the Master Plan be adopted by vote of the Planning Board.

The Master Plan is a flexible tool, that will be consulted regularly and changed as the needs of the town change.

Sally J. Thorn, Administrative Assistant

REPORT OF THE TOWN LIBRARY TRUSTEE

April 28, 1977, our library was host to the Central District Advisory Council, with the coffee hour and meeting being held in the Community Room, and inspection of our library following. It was especially gratifying that people from the State Library and the guests were so much pleased with our library that they wished to copy some of our ideas!

Librarian Mary Emhardt has completed a twelve week course given by Mrs. Rachel Sanborn under the auspices of the State Library organization, and titled The Library as an Information Center in Public Library Techniques Program.

It was found necessary to purchase additional shelving and a card catalog file for the juvenile card index. The last of the fund in memory of Mrs. Mattie Swain was used for a roll around stool.

Once again, there was no State grant awarded for book purchases.

A most successful Story Hour series was presented in the summer by Sally Perkins.

Library patronage increases steadily under the management of our two librarians, and volunteers. We continue to be splendidly served by the Bookmobile, and the pool arrangement with the school continues.

We should like to note that if our library does not have a book requested by a patron, it is usually possible for the book to be secured on a borrowing arrangement with other libraries.

Respectfully Submitted,
Dorothy B. Berry, Town Library Trustee

REPORT OF THE POLICE DEPARTMENT

Sixty-seven motor vehicle accidents were reported to the Barrington Police Department and so investigated during 1977.

Total number of cases of breaking & entering and/or vandalism was 68, with a dollar value in excess of $22,000.00 in property stolen. These figures do not include cases handled by the New Hampshire State Police.

Twenty-nine arrests were made including assault, burglary, theft and motor vehicle violations, along with 56 summonses served to Dover District Court.

Barrington officers responded to 904 miscellaneous complaints. Incident Reports (requests for police services, etc.), processed through Strafford Dispatch Center for 1977 numbered 812. There were 573 security checks made on local businesses and residences.

A new 1977 Pontiac cruiser was purchased and along with the 1974 Plymouth, a total of 37,951 miles were logged.

The department collected $155.00 in "Report Fees" from insurance companies for copies of accident and burglary reports and the money was turned into the General Fund.

Police assisted at 20 fires and 35 ambulance emergency calls.

Cooperation of the New Hampshire State Police and of police departments from adjacent towns and cities have been both appreciated and invaluable in the performance of our services and duties during 1977.

Respectfully Submitted,
Ralph W. Swain, Chief of Police

REPORT OF DOG OFFICER

I submit herewith my report of the activities of the Barrington Dog Officer for the year 1977. I received 320 complaints on dogs. I traveled approximately 5,354 miles and spent approximately 406½ hrs. performing these duties:
Dog Lic. - 1976 - 414 Dog Lic. - 1977 - 534

Dog Bites	10	
Dogs Killed by cars	6

WHITE PINE BLISTER RUST CONTROL - STATUS REPORT FOR 1977

Forest insect and disease technicians of this Division examined 2,071 acres in your town during 1977 to determine the need for white pine blister rust control. This survey revealed no serious problems, so town appropriations are not requested for 1978, as authorized under the provisions of RSA 223.

As you may be aware, currant and gooseberry bushes, are the alternate host of this fungus disease. Their presence is necessary to transmit the disease to white pine trees.

The Division's blister rust program has been an ongoing activity since 1918. We continually monitor the situation in towns within the pine control area and report our findings to appropriate town officials. The existing good condition of your pine forests in relation to blister rust may be of interest to forest landowners. You may consider mentioning this fact in your 1977 town report.

Please call for further information and assistance if necessary.

Sincerely,
Theodore Natti, Director

REPORT OF THE BARRINGTON FIRE DEPARTMENT

The 1977 fire log shows 10 structural fires, 8 chimney fires, 4 car or vehicle fires, 15 grass or wood fires, 1 mobile home fire, 6 accident responses, 1 resuscitator call, 3 false alarms, 3 service calls and 2 animal rescue calls. We answered 9 requests for assistance out of Town and received outside assistance 3 times.

This year we became associated with the Suncook Valley Mutual Aid Group comprised of Towns to our West.

The Department also performed 23 inspections of Foster homes, day care facitities, public buildings, stove installations etc.

The 1966 1500 gal. tanker was placed in commission and the 1949 800 gal. tanker taken out of service.

A contract was signed for a new pumper tanker which is due for delivery in the early spring of 1978.

The Firemen's Association purchased several pieces of fire fighting equipment for use on the existing trucks or the new one.

We consider smoke alarms to be very valuable and recommend one or more for every residence.

Please remember that the telephone number, 664-7700, is for emergency calls, the equivalent of a street fire alarm box and should not be used for general information calls.

We make every reasonable effort to keep our equipment up dated in order to provide prompt emergency service at a reasonable cost.

Respectfully Submitted,
Sumner A. Hayes, Chief

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Forest fire control in New Hampshire is a joint state and town/city responsibilitv (RSA 224).

The Director, Division of Forests and Lands (State Forester) appoints a forest fire warden and several deputy forest fire wardens in each town/city upon the recommendation of local authorities.

The local forest fire warden is responsible for forest fire prevention and suppression activities in his town. He regulates the kindling of outside fires when the ground is not covered with snow by the issuance of written permits only when conditions are safe. He is responsible for suppression with the town/city and state sharing the cost. Suppression costs in excess of $\frac{1}{4}$ of 1% of the assessed valuation of the town are assumed by the state.

The state provides training for the local fire organization and helps coordinate activities between towns/cities. The state also supports local forces with backup personnel, equipment, and supplies for suppression and prevention.

This combination of state and local cooperation, started in 1893, works well, for New Hampshire has enjoyed one of the smallest acreage losses due to forest fires in the United States for the past 25 years.

1977 FOREST FIRE STATISTICS

	No. of Fires	No. of Acres Burned
State	1,091	2,386

FISH AND GAME REPORT
DEER KILLED BY DOGS IN THE TOWN OF BARRINGTON IN 1977

2 Adult Does
2 Immature Does
3 Adult Bucks
1 Immature Buck
1 Adult Doe was struck by car while being chased by dogs.
6 deer, sex unknown were found and because of the nature in which they were found it is believed by this officer that the cause of death was by dogs.

NOTE: These were the deer found by this officer, more deer could have been killed by dogs and were not found.

Edmond Cournoyer-254
Conservation Officer

REPORT OF THE HEALTH OFFICER

This year for some unknown reason the problems for the Health Officer were very minimal. I did have the usual nuisance calls that were really not health related. I responded to these calls and took care of them as they cropped up.

One problem that was prevalent it was a statewide problem and it concerned body lice. I do not know how to explain this other than our new life style or just poor hgiene.

I hope that as our town grows that the health problems will remain minor.

Respectfully Submitted,
Salvatore Farina
Health Officer
Town of Barrington

REPORT OF MEMORIAL DAY EXPENSES 1977

Expenses:

Rochester City Band	$ 140.00
Flowers and Wreaths	18.00
Flags for Graves	58.50

REPORT OF THE RURAL DISTRICT HEALTH COUNCIL

The Rural District Health Council, Inc. has experienced another year of growth and expansion of staff.

The skilled nursing remains as the priority service within the agency. The agency's staff also conducts adult health screenings weekly to member towns. This year a new program has been established in New Durham at the elementary school the first Wednesday of each month; the second Wednesday in Farmington Town Hall, the third Wednesday at the Northwood Town Hall, and the fourth Wednesday at the Milton Health Center.

The number of patients enrolled within this program being 429 with an average of 79 patients seen each month. This service is partly funded by the State Council on Aging, Title III and the Rural District Health Council. This program has become a very active one and the Council looks forward to increasing the type of screening in the new year.

The Referral Coordinator at Frisbie Memorial, Mrs. Marie Dexter, R.N. has seen an increase in referrals being made to other Home Health Agencies. With the increase in service and cost of the program the agency looks to other sources for financial help. Mrs. Marie Dexter, R.N. is on the State Discharge Planning Committee.

The agency also participates in the After Care Program in cooperation with the Strafford Guidance, and Seacoast Counseling Committee.

The Council continues Home Health Aide services through the contract with the Strafford County Home Maker, Home Health Aide Association, and also with the two Home Health Aides within the Agency; Gail LaRosa who covers the areas of Farmington, Milton, Middleton, New Durham and Barrington, and Roberta LaFreniere covering the Northwood, Nottingham, Deerfield, and Strafford areas. This enables a better utilization of the professional staff while continuing to provide quality care.

The Child Health Program has seen an increase in service within the past year. Miss Arlene Thorne, R.N., coordinator of the program has been appointed as a member for the State Child Health Conference Committee. This program offers physical examinations, immunizations, teaching and counseling for ages 0-6 years. This is funded in part by the U.S. Dept. of Health Education and Welfare, N.H. Division of District Health Council. This program has an enrollment of 835 children from 0-6 years of age. This is a costly program as services are provided with-

out charge to the residents. It does provide a needed service to the member towns as transportation is a problem and the services are provided in the areas. The Child Health Program also provides home visits when necessary to assure continuity of care. Within this program there is a Dental program provided by the Division of Public Health, Bureau of Dental Health which provides cleaning and fluoride treatment every six months for children ages 3-6 years.

The State has joined forces with the Federal Government to implement an ongoing immunization program for all children ages 0- school. The agency is represented on this Task Force by Ardala Houle, R.N.

Because transportation is a problem in the areas covered by the agency, the Council offered space for the Strafford County Prenatal and Family Planning Clinic to hold a satellite program once a month at the office, the first one taking place on July 26, 1977. The program is providing a need and sees an increase in service. Throughout the year we have provided home visits to the patients of Strafford County Prenatal and Family Planning Program and the Exeter Area Family Planning Program.

The continued success of the program lies in the dedication of the Agency's personnel, and the capable professional staff assures the availability of quality care. Because of the growth of the agency and the many services provided, it was necessary to appoint Marie Dexter, R.N. as Nursing Supervisor, and Referral Coordinator, and Arlene Thorne, R.N. Maternal and Child Health Coordinator, covering all member towns; nurses being Barbara Drew, R.N. Farmington, Mary Timmons, R.N. Milton, Middleton, New Durham, Joanne Pearson, R.N. B.S.N. Northwood, Nottingham, Deerfield. The Council is very fortunate to have Elizabeth Coons, R.N. on the staff covering Barrington and Strafford. Myrtle Walsh, R.N. and Alice Diegra, R.N. B.S.N. cover when needed. Kathleen Hanse, RPT and Carl Schools, RPT cover for Physical Therapy.

The office duties are efficiently handled by Eleanor Eaton and June Chase.

With the adoption of a new position and the salaries increased equal to the area, the Council is seeing a marked increase in the budget. The Council finds it necessary to increase the per capita request from each Town to $1.50 in order to continue to provide these greatly needed services.

During the past year the Council has made 368 Skilled Nursing Visits, 6 Home Health Aide Visits, 2 Physical Therapy Visits, and 124 Child Health Visits with a grand total of 500 for the town of Barrington.

Anyone interested in additional information is urged to contact the Rural District Health Council, Inc. P.O. Box 563, 6 So. Main St., Farmington, N.H. 03835 - Telephone 755-2202 - between the hours of 8 A.M. - 4 P.M., Monday through Friday.

Respectfully Submitted,
Ardala Houle, R.N.

REPORT OF
BARRINGTON NEW HAMPSHIRE HISTORICAL SOCIETY

A variety of programs featuring slides, films and lectures has made this an interesting year for members of the Barrington New Hampshire Historical Society.

The March program was "Gundlows of The Great Bay Area" by Dr. Forbe Gethchell. Mr. Nolan Avery presented a program of "Clocks and Their Workings" at the April meeting. May was our annual business meeting and election of officers, followed by the traditional "Show and Tell" program. On June 1st Mr. Edward Rowse gave an interesting talk on the "Abbot Downing Company-makers of the Concord Coach".

After a two month break the fall meetings opened on September 1 with a slide program "The Stark Expedition to Bennington," presented by Robert and Janet Varney. On October 5, members of the Newmarket Militia showed their film" A New Hampshire Family 1775. November's program was a slide collection on "Early American Glassware". Slides were furnished by the Extension Service and presented by Robert and Janet Varney. Final meeting of the year was held December 7, when Peter Braase of Strafford gave a talk entitled "I Like the Old Way".

The Society also took two field trips. One trip was in June to Glen, New Hampshire where they visited Heritage New Hampshire. The other was in July to Mystery Hill Caves in Salem, New Hampshire. Both trips were very well attended. A special committee chared by Norman and Dorothy Arlin have conducted several tape interviews with some of Barrington's Senior Citizens. These tapes will be preserved by the Historical Society.

Because of the Society winning a Certificate of Commendation for the Cemetery program and book, presented by the American Association for State and Local History, Louise Williams and Mary Emhardt were asked to participate in the program at the Conference of New England Historical Societies in Manchester, November 4-6. Their talk was entitled "The Barrington Cemetery Study: How a Small Society Did a First Class Job". The Certificate was presented the evening of November 5 and was one of four awards won in the State of New Hampshire.

Meetings will resume on March 1st and continue through June, 1978. The public is always welcome at these meetings.

Respectfully submitted,
Ralph J. Boodey President

BARRINGTON AMERICAN REVOLUTION BICENTENNIAL COMMITTEE

After three and one half years of existance, The Barrington American Revolution Bicentennial Committee held its final meeting September 28, 1977. A list of events indicated that the committee had either sponsored, taken part in or coordinated 54 projects or events. An account of these activities follows.

CHRONOLOGY OF BARBC EVENTS
compiled by
Mary C. Emhardt

1. Otis Cemetery Restoration — Oct. 13, 1973
Cem. Comm. of Barrington, N.H. Hist. Soc.

2. Bronze Star Markers Erected for — Oct-Nov., 1973
Gideon Leighton - Capt. Hayes' Co.
George Parshley - Vet. of Bunker Hill, etc.

3. Barrington, N.H., Historical Society — Dec. 5, 1973
Votes favorably on Selectmen's request to act their agent in the Town's proper observance of the Bicentennial

4. Ralph J. Boodey Appointed BARBC Chaiman — Dec. 5, 1973
By Louise Williams, President of the Barrington, N.H., Historical Society

5. Proclamation Protesting Tax on Tea — Feb. 7, 1974
Copies signed in Barrington 200 years ago this date reprinted in area newspapers

6. Barrington Accepted as Bicentennial Community — June 19, 1974
First in sea-coast area, first in Strafford County, and seventh in the State of N.H.

7. Tour of 20 known Rev. War Soldiers gravesites — July 7. 1974
in Barrington with refreshments afterwards at the Community Building

8. "Two-Mile Streak" State Historical Marker #96 — Aug. 22, 1974

9. Bicentennial Community Recognition Ceremony — Sept 28, 1974
Minutemen Muster — Catered public luncheon

10. Barrington Minutemen, 5th Co., 2nd Regiment — Oct. 12, 1974
Marched at Fort William & Mary during reenactment of the first overt act of the Revolution

11. Footbridge built on historic Province Road — Dec. 1974
Over Richardson Pond run-off stream by Barrington Firemen's Assoc. - BARBC project

12. Rubbings of Barrington gravestones of 14 — March 4, 1975
Rev. War Soldiers Displayed with Bicentennial flag at Community Building on Town Meeting Day

SECRETARY'S REPORT FOR THE BARBC

Early in 1974, the Town of Barrington asked the Barrington Historical Society to be the coordinating organization for the Barrington American Revolution Bicentennial Celebration.

Assuming this important task, the Historical Society appointed the following committee to be the beginning of a steering committee:

Ralph Boodey, Chairman
Mary Emhardt
Margaret Beal
Louise Williams, President of the Historical Society

The remainder of the committee to be made up of representatives from the various civic and religious groups in town. These organizations were notified and representatives were chosen.

The first meeting was held, March 27, 1974, in the Community Room of the Town Hall with representatives from twelve organizations. Later more members were added to the committee.

From the beginning, it was evident that the members of this committee, known as the Barrington American Revolution Bicentennial Committee (BARBC), would work well together and accomplish what they had set out to do - help Barrington celebrate our county's 200th birthday.

In June 1974, Barrington was designated as a Bicentennial Community. A fitting ceremony, marking this recognition, was held September 28, 1974, outdoors, near the Barrington School. A Bicentennial Flag was presented at this time.

On May 17, 1975, James Haley and Douglas Hatch represented Barrington in a parade at Manchester in honor of N.H. Bunker Hill Day and Annual John Stark Day. They were dressed in colonial costume and carried a banner with the name of the town and the number of men (9) who served at Bunker Hill. An excellent banner was made by Edward and Margaret Beal.

Members of the BARBC made and set up the 40 foot flag pole that is near the Town Hall entrance. With the raising of a beautiful American flag and the Bicentennial flag, the pole was presented to the town on Flag Day, June 14, 1975.

A scroll, in charge of the BARBC, was signed by Barrington residents, carried to Rochester by two horseback riders, and presented to the Master of the Wagon Train, May 17, 1976, to be carried to Valley Forge, Pa., and kept as a permanent part of our history. This wagon train passed through Barrington, May 18, 1976, on Route 202, and stopped for noon rest at the Canaan Chapel.

The weekend of events, July 2nd - 4th, will long be remembered for the musicale, the street dance, the family field day, the exhibits, the contests, the games, the band concert, the torchlight parade, the bonfire, the church services, the

bell ringing, the bus tours, and the barbecue.

Many organizations and special committees presented interesting and entertaining events throughout 1976 that added to the enjoyment of the celebration.

A matching grant of $1000 was received to assist in the publication of a book Graveyards of Barrington New Hampshire. This informative book was made possible by a very energetic committee:

Philip Boodey	Mary Emhardt
Ruth Barr	Lena Leighton
Karen Boodey	Violet Staley
Esther Drew	Louise Williams

Ralph Boodey, Chairman BARBC

On Town Meeting Day, March 1976, the book was placed on sale.

Farms, that had continuous owners in the same family since 1776, were those of Ralph Boodey and Norman Berry. Attractive signs were placed on each.

On May 17, 1975, Ralph and Pauline Boodey were delegates to Manchester's N.H. Bunker Hill Day and Annual John Stark Day and answered the roll call for Barrington's Bunker Hill Veterans. Mary Emhardt represented Barrington at Bunker Hill Day, Charlestown, Mass., June 17, 1975, and answered the roll call of towns that had men who served at Bunker Hill. On August 6, 1977, at Old Fort #4, Charlestown, N.H., Louise Williams received recognition for John Blake, from Barrington, who took part in the Battle of Bennington. Many other members of the BARBC attended Bicentennial events in various places.

A certificate of appreciation was awarded to the BARBC for outstanding contribution to our State's Bicentennial Commemoration and thereby, to our Nation's 200th birthday observances 1976 by J. Duane Squires, Chairman, NHARBC and Gilbert Center, Executive Director.

Car plates, patches, jewelry, and other souvenirs, sold by the Ways and Means Committee, Chairman, Raymond Spinney, will be around homes a long time to remind us of the 1976 celebration.

The final meeting of the BARBC was held September 28, 1977. A collection of photos, compiled by Mary Emhardt and Dorothy Arlin, was displayed. Letters, proclamations, pictures, and other articles were left in the care of the Historical Society. A 16mm. movie projector and a slide projector were presented to the town for use in the Community Building and a fund was set up for the Tercentenary.

The BARBC extends thanks to all those generous people who gave so freely of time, energy, and ideas to help Barrington celebrate our country's Bicentennial. It was a task well done!

Respectfully submitted,
Pauline W. Hayes
Secretary of the BARBC

REPORT OF THE BOARD OF ADJUSTMENT

The Zoning Board of Adjustment met fifteen times to consider sixteen cases. Of those sixteen cases, twelve were approved. Those Members on the Board for the year were Gerard E. Cossette, Chairman; Lawrence Robie; Edward Young; Robert Shepherd; and Faith Wallace. The alternates were Ralph Boodey, Louise Eschmann, and Ron Waldron.

Respectfully submitted,
Gerard E. Cossette, Chairman

COMMUNITY BUILDING REPORT

The use of the community gym has increased considerably this year. Of the various organizations using the gym, two reported 100% increase in attendance, one 50% and another 5%. Five wedding receptions and seven special events were held in the gym this year. One new group started using the gym this year with a very faithful turnout.

The community room has been filled to capacity numerous times this year due to different hearings being held, plus other groups using it during the day. Many thanks to the different organizations that I have asked to give up their time so I could rent the gym, which helps to offset the cost of operating the gym. The organizations are extending their time later in the summer and earlier in fall than in the past years.

On the night of March 22, 1977 a savage wet snow storm hit the Town of Barrington, N.H. By mid morning of the 23rd of March, most of the Town of Barrington was without electrical power.

Public Service Co. of New Hampshire called the Selectmen and notified them that the residents would be without electrical service for at least 24 to 48 hours.

The Selectmen called a meeting at 1 P.M. and met with the following people: Civil Defense Director, Clarence Garnett, Chief of Police, Ralpn Swain and three of his Policemen. Fire Chief, Sumner Hayes and Elliott Stevens, Building Custodian.

The Town Hall had electricity so the Selectmen called the radio station and had it announced that the Town Hall was available all the time.

About 95 people took advantage of being able to get water. Many calls were received in regards to when the electrical power would be restored. We had seven calls from people who were not able to get from homes on private roads to main roads. Four - wheel drive vehicles went in and took these people out to the main roads and relatives and friends picked them up, and took them to their homes.

The night of the 23rd we had three people come in at 10:30 and stay for the night. They brought their own sleeping bags and pillows.

By the 24th, many people were still without electrical power and 17 more people came after water. One family of six called about 11:30 P.M. requesting to stay in Town Hall, they apparantly found lodging with friends later.

Many thanks to the people who opened up their homes to anyone who needed warm shelter, and to those who offered the four-wheel vehicles that the police used to get people out and patrol the roads. One family brought cots for people to sleep on.

Joel Sherburne (EMT) was available all this time for emergencies.

Respectfully Submitted,
Elliott Stevens
Building Custodian

The Barrington Mobile Home Estates Women's Club made a generous contribution to the town in 1977. Funds were used to purchase emergency medical equipment.

REPORT OF SPEDY PROGRAM

The Spedy Program started on June 29th this year with 10 youths. More hours were allocated for the youths by Manpower. The bulk of the work done this year again was on road beautification consisting of cutting brush, picking up trash along side of the roads.

Brush was cut on Buzzell, Tibbetts, Pond Hill and Daniel Cater Roads. Brush was cut at various intersections throughout the town and bankings on some roads were seeded.

The lawn in front of the community building was extended this year and seeded. The shrubs and flowers around the building were watered everyday and the Town Office was painted by the youths.

When we were working on Canaan Back Road we paid a visit to Mr. & Mrs. Ralph Boodey's farm because some of the youths are enrolled in the Future Farmer course and we were just in time to help Mr. Boodey celebrate his birthday and have cake and ice cream with them.

Mike Roberts was my capable assistant this year.

Respectfully Submitted,
Elliott Stevens
Building Custodian

REPORT OF THE STRAFFORD COUNTY DISPATCH CENTER

I am enclosing a copy of the report for the Strafford County Dispatch Center for the year 1977. As you can see, we provided you with 8.3% of the services. This was done at the cost of $1.00 per person based on the 1976 population census.

Our budget for 1978 has been prepared and is presently in the hands of the Strafford County Delegation. This budget calls for the following expenditures:

Salaries	$35,851.00
Social Security	300.00
Health Insurance	909.00
Retirement	2,660.00
Office Supplies	400.00
Electricity	250.00
Telephone	3,000.00
New Equipment Repairs	750.00
	$44,470.00

The salary expenditures and the items concerned with personnel (health insurance, retirement and social security) are for four full-time dispatchers and two spare dispatchers who cover for the regular dispatchers during vacations and sick days. We have increased the expenses of the Center over last year by a little over $4,500.00. Much of this increase is in the area of salaries and benefits. Considering the quality of the service and the quantity of the service, we do not feel this is an excessive budget.

However, we did feel that there should be an adjustment on the income from the towns using the Center. Accordingly, we have requested that the rate be increased to $1.05 per person. For your town, the amount to be billed for 1978 (based on figures released in the latter part of 1977) will be 3,694.95. What this actually means is that you and the other towns will be paying 15,719.55 of the budget...and the Sheriff's Department will be responsible for the balance.

Barrington - Total Incident Reports - 855
Total Telephone Calls - 3,181
Total Radio Transmissions - 28,109

Edmund Flanagan
High Sheriff

REPORT OF THE COORDINATOR OF
EMERGENCY MEDICAL SERVICES

In 1977, ambulance coverage was again provided for the Town by Benoit Ambulance, Durham Ambulance and the Dover Police. Durham responded to 27 calls, Benoit to 20 calls and Dover to 5 calls. If you require an ambulance, you should call the Strafford County Dispatch Center, 742-4968.

This year, I began organizing a First Responder Unit, a group of Emergency Medical Technicians, trained to provide medical care before an ambulance arrives. We have hopes of having this program in full operation during 1978.

Respectfully Submitted,
Joel Sherburne
Coordinator of Emergency Medical
Services

Town Meeting

The following information is provided to serve as an introduction to the Town Meeting form of government for new residents and as a reminder for those residents who have participated in Town Meetings for many years. Experts have been taken from the Town Meeting Handbook, published by the New Hampshire Municipal Association.

At the present time all 221 of New Hampshire's towns hold meetings. Although a statute allowing representative town meetings has been in effect since 1961, no town has adopted the law. Unlike other New England states, no Granite State towns have yet replaced the venerable town meeting by a town council. Thus, it can be said that every town citizen is a potential legislator operating through the town meeting.

The first town meetings held by the early settlers were general gatherings, probably at regular intervals, to make orders necessary for the good government of the town. To overcome the problem of the size of the group and the lack of defined leadership, a board of selectmen was elected for the orderly transaction of town business between annual meetings with the principal function of the meeting becoming the election of officers. In general, the town meeting is the legislative branch of the town while the selectmen and other town officers serve as the administrative branch. In certain areas such as licensing, highway layout and regulation, the selectmen have been vested legislative powers by state statute.

The annual Town Meeting is held to elect some town officers, to adopt the annual town operating budget, to enact ordinances and to adopt any action authorized under state law. It is important for voters to remember that they are the Town government - they determine the appropriate level of services and adopt a budget accordingly.

Town meetings must be preceded by a warrant, which is a document that is addressed to the voters and gives notice of the subject matter to be acted upon as well as the time and place of the meeting. The Selectmen prepare and issue the warrant. The warrant is posted in two places and published in the town report. The warrant must "state distinctly" the subject matter of all business to be acted upon at the town meeting. If the general subject matter is fairly and plainly disclosed in the warrant, the meeting may act upon any details in such subject matter, without their being specifically mentioned in the warrant. If an article calls for the appropriation of a specific sum of money, the sum may be decreased or increased by vote of the town. Although many warrants contain an article at the end, "To transact any other business which may legally come before the meeting," any action taken under this general provision would not be valid since the law requires the subject to be distinctly stated.

Selectmen may include articles on their own initiative or at the suggestion of interested voters and must include articles presented to a selectman at least thirty-five days before the

annual or biennial meeting, by the written application of ten or more voters or one sixth of voters in the town.

This year Town Meeting is on Tuesday March 14. The polls will be open from 10:00 am to 6:00 pm. The articles of the warrant will be acted upon at 7:30 that evening.

TOWN MEETING - MARCH 8, 1977

At a legal meeting of the inhabitants of the Town of Barrington in the County of Strafford in said State, the following action was taken on the Town Warrant on Tuesday, the eighth day of March 1977, at the Barrington Community Building auditorium.

The meeting was called to order by Moderator Frederick N. Timm at 10: A.M. The polls for voting on Articles 1, and 2 were opened at 10: A.M. and closed at 6:00 P.M. At 7:30 P.M. At 7:30 P.M. the meeting was opened for action on the Articles of Business.

Number of eligible voters on check list:	1,808
Number of votes cast:	622

ARTICLE 1: The following officers were elected:

	VOTES	
Selectman for three years:	373	Earl Colby
Auditor for three years:	503	Avis Taylor
Town Trustee of Trust Funds for three years.	8	Barbara Hayes

The following candidate was not elected:

Selectman for three years	232	W.R. Burrows

ARTICLE 2: Question

Are you in favor of the adoption of the amendment to the existing Town ordinance as proposed by the Planning Board?

Yes: 363 votes No: 192 votes

ARTICLE 3: It was voted that the Town will authorize the Selectman to appoint all other necessary Town Officers. Motion: R. Spinney

ARTICLE 9: It was voted that the Town will raise and appropriate the sum of $15,000 to carry out the work improvements on Woods Rd. as authorized by Article 8. Motion: M. Mielke

ARTICLE 10: It was voted by the Town to raise and appropriate the sum of $17,602.90 to be used to improve all or portions of various Town roads. Motion: G. Musler

ARTICLE 11: It was voted by the Town to raise and appropriate the sum of $5,500.00 for surfacing the following roads in Golden Crest Estates: Oak Hill Lane, Maplewood Drive, Mountview Road, and Grummet Hill Rd. Motion: R. Seaver

ARTICLE 12: It was voted by the Town to raise and appropriate the sum of $1,007.64 for Town Road Aid, State share to be $6,717.60. Motion: G. Musler

ARTICLE 13: It was voted by the Town inexpedient to legislate. Motion: D. Stevenson

(Article 13: To see if the Town will vote to raise and appropriate the sum of $50.00 to the Lakes Region Assn. for the purpose of publicizing and promoting the natural advantages, as well as the preservation of the natural resources of the town, in cooperation with other towns in the Lakes Region.)

ARTICLE 14: A motion was made by R. Seaver that the Town authorize the Selectmen to withdraw from the Revenue Sharing account the sum of $20,000.00 for the construction of a utility building on town property adjacent to the present dumping facility. MOTION DEFEATED

ARTICLE 15: It was voted that the Town authorize the Selectmen to spend up to $45,000.00 for the purchase of a Fire Truck, directing the Selectmen to withdraw $2,800.00 from trust and $7,000.00 from Revenue Sharing for a down payment, financing the balance over four years. Motion: A. Calef

ARTICLE 16: It was voted that the Town will authorize the Selectmen to spend up to $5,000.00 for the purchase of a police cruiser, directing the Selectmen to withdraw $2,800.00 from trust and $2,200.00 from the Revenue Sharing Account. Motion: G. Musler

ARTICLE 17: A motion was made by R. Seaver that the Town authorize the Selectmen to spend up to $20,000.00 for the purchase of a 4-6 yard dump truck, plow, wing and sander, directing the Selectmen to draw $2,800.00 from Revenue Sharing for a down payment, financing the balance over four years. MOTION DEFEATED.

ARTICLE 18: A motion was made by W. Burrows that the Town authorize the Selectmen to spend up to $8,000.00 to acquire from Government Surplus a Road Grader and equip it with a plow and wing, directing the Selectmen to draw the monies from Revenue Sharing. MOTION DEFEATED.

ARTICLE 19: It was voted that the Town authorize the Selectmen to borrow up to $300,000.00 in anticipation of taxes. Motion: G. Musler

ARTICLE 20: It was voted that the Town accept all other items in the budget not covered by articles in the warrant. Motion: G. Pinzari

ARTICLE 21: It was voted that the Town authorize the Selectmen to sell to Roland Gregoire the property acquired by Tax Collectors Deed which was formerly owned by Roland Gregoire for the sum of $1,012.10. Motion: G. Musler

ARTICLE 22: It was voted that the Town give final acceptance to a road known to some as Meadowbrook Road. Motion: G. Musler

ARTICLE 23: An amended motion was made that the Town accept Fogarty Road contingent upon satisfactory completion of the work by the gentleman, subject to final approval by the Selectmen. Motion: R. Waldron

ARTICLE 24: It was voted that the Town classify the Old Canaan Road as a Scenic Road under RSA 253:17 giving the Conservation Commission responsibility for reviewing proposals under these provisions. Motion: W. Burrows

ARTICLE 25: An amended motion was made that the Town modify its existing Dog Ordinance by changing the penalty to "First offense $50.00, Second offense $100.00. Motion: W. Lovell

ARTICLE 26: It was voted by the Town inexpedient to legislate. Motion: G. Musler
(Article 26: To see if the Town will modify its existing Road Ordinance by changing Section 2.1 to increase the minimum size of culverts from twelve inches to fifteen inches.)

ARTICLE 27: A motion was made that the Town vote to reclassify that portion of the Cooper Road from the Mielke residence to the Nottingham Town line from Class V to Class VI. MOTION DEFEATED.

ARTICLE 28: It was voted by the Town unanimously that the Selectmen be authorized to sell at public auction those items designated as surplus by the Fire Chief and Police Chief. Motion: G. Musler

Moderator Timm stated that in the minutes of the 1976 Town Meeting the total votes cast by secret ballot on Article 22 was omitted. The total votes cast on the article were in excess of a 2/3 vote by the Town.

ARTICLE 29: Under this article those nominated were: B. Anderson, D. Gardner, W. Burrows, D. Jackson, and T. Morrison. The votes cast for two members to serve on the Advisory Budget Committee for a three year term were: Richard Gardner - 67 votes, W. R. Burrows - 36 votes.

ARTICLE 30 Motion was made to adjourn at 12:00 P.M. Motion: R. Seaver

School Clerk

MINUTES OF THE SCHOOL DISTRICT MEETING
MARCH 14, 1977

At the legal meeting of the inhabitants of the School District of the Town of Barrington, the following action was taken on the School Warrant on Monday the 14th of March, 1977.

The meeting at the Barrington Middle School was called to order at 8:00pm by Moderator George Musler. The results of the election of March 8, 1977 were reannounced. Mr. Musler and Mr. Rowell declined the position of Moderator for next year. The position was then accepted by Frederick Timm. Mr. Timm was sworn in at the end of the meeting by the School Clerk. The Moderator then reviewed the guidelines for conduct of the meeting and voters were seperated from non-voters. Mrs. Patricia Newhall then spoke briefly thanking the members of the town for their support of herself and the school and encouraging persons to continue to show their interest.

The warrant was then read and acted upon as follows:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district:

On motion made by Walter Lovell and seconded by Patricia Newhall it was

VOTED: To hold Article 1 in abeyance until the completion of Article 4.

2. To hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

On motion made by Ron Waldron and seconded by Irene Calef it was

VOTED: To accept the report of the Budget Committee as written.

On motion made by W. Richard Burrows and seconded by Irene Calef it was

VOTED: To incorporate the Budget Committee Report into the minutes of the School District Meeting. (This has been done under Article 8 where the budget was voted upon).

On motion made by Dawn Hatch and seconded by Ron Waldron it was

VOTED: That the School Board direct the Clerk of the Works of the Barrington Middle School Building Committee get approval for operation of the septic system within the next 30 days and that it be published in full in a local newspaper.

On motion made by W. Richard Burrows and seconded by Dawn Hatch it was

VOTED: That the School Board shall include a comparative statement of appropriations vs. actual expenditures for the previous fiscal period in the 1978 Town and School District Report.

On motion made by William Dean and seconded by Pat Lavoie it was moved that

wherever possible all items of materials and/or services over $500.00 be put out for competitive sealed bids. The bids to be awarded to vendor giving best price for satisfactory quality. Also all contracts entered into by the School Board or district for services and/or materials include detailed specifications or requirements to be met and the exact price to be paid for the same.

An amendment to the previous motion was made by Richard Rossiter and seconded by Joe Bergstrom to change the amount to $2,000.00.

A further amendment was made by Fred Timm and seconded by Nina Gardner to omit the words "wherever possible" from Mr. Dean's motion.

Donald Smith then made an amendment, seconded by Tom Mason, that a time limit be placed on the bids insuring delivery within 60 days after the bid was awarded. (The amendment was later withdrawn by Mr. Smith).

An amendment made by Pat Lavoie and seconded by R. Rossiter stated that a delivery date be placed upon each purchase by bid depending upon when it is practical for delivery.

After lengthy discussion, on an amendment made by Tom Mason and seconded by Fred Timm it was

VOTED: That the above motion and amendments be inexpedient to legislature.

On motion made by Ron Waldron and seconded by Patricia Newhall it was

VOTED: That allother reports of agents, auditors, committees and officers be accepted as written in the report.

3. To choose agents and committees in relation to any subject embraced in this warrant.

On motion made by Ron Waldron and seconded by Steve Bergstrom it was

VOTED: That any action taken under Article 3 has no effect on an action under Article 7.

On motion made by George Calef and seconded by William Dean it was

VOTED: To accept the services of the Budget Committee for the ensuing fiscal period.

On motion made by Harlan Calef and seconded by Fred Timm it was

VOTED: To amend the previous motion to read the same Budget Committee as that of the town.

On motion made by Patricia Newhall and seconded by Ronald Seaver it was

VOTED: To accept Article 3 as written.

A motion was then made by Gerald Pinzari and seconded by Mrs. Martin to move to Article 7, bypassing Articles 4,5, and 6 while attendance was still at its peak. By a show of hands (84 votes yes; 51 votes no) it was

VOTED: To move to Article 7.

7. To see if the Barrington School District will authorize the formation of a building committee composed of five registered voters elected from the floor of the School District meeting and one ex officio member from the School Board, which will report back to the School District, October 3, 1977 at a special School District Meeting.

On motion made by Walter Lovell and seconded by Carol Bergstrom it was

VOTED: To accept Article 7 as read.

The following people were nominated and a vote cast for each one by the clerk.

Steve Bergstrom
Audrey Guptill
Ed Cyr
Al Shiely

4. To see what sum of money the district will raise and appropriate for the support of the schools, for the salaries of school district officials and agents, and for payment of statutory obligations of the district.

On motion made by Bill Dean and seconded by Donald Smith it was

VOTED: NOT to accept the figure of $918,942.00 exclusive of the $48,000.00 deficit.

On motion made by Ed Cyr and seconded by Bill Dean it was

VOTED: NOT to ammend the original motion and consider action by review of the four major constituents of the budget as written in the report (ie: tuition, transportation, salaries, and interest and principal).

On motion made by George Calef and seconded by Al Shiely it was

VOTED: To accept the figure of $954,876.40 (excluding $48,000.00 deficit) with specific deductions to be made as specified by the Budget Committee in their report. (by show of hands 73 votes yes, 68 votes no).

5. To see if the district will authorize the School Board to make application for and to receive and expend, in the name of the district, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government and/or state agencies, private agencies and/or other sources.

On motion made by Al Shiely and seconded by Dean Kirk it was

VOTED: To add the words that the School Board be instructed to apply the funds to reducing the budget approved in Article 4 wherever possible.

6. To see if the district wishes to exclude from its Social Security plan services performed by election officials or election workers for each calendar quarter in which renumeration paid for such services is less than $50.00.

On motion made by Richard Burrows and seconded by Gerald Pinzari it was

VOTED: To accept Article 6 as read.

8. To see if the district will vote to raise and appropriate in addition to the original appropriation for 1976-77, a sum of $48,000.00 to be made available to the school district prior to July 1, 1977 in order to meet unexpected obligations caused by; 1) Increased enrollment 2) Special Education expenditures required under RSA 186:a 3) Increased transportation costs.

On motion made by Nina Gardner it was

VOTED: To make a correction in the statutes to read RSA 186-A:7.

On an ammendment made by George Plantamuro and seconded by Mary Florence it was

VOTED: NOT to ammend a change in the date from July 1, 1977 to April 1, 1977.

On ammendment made by Harlan Calef and seconded by Gerald Pinzari it was

VOTED: To change the year from 1976-77 to read 1977-78 and to change the date from July 1, 1977 to July 2, 1977.

To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

On motion made by Alice Garnett and seconded by Gerald Pinzari it was

VOTED: To accept Article 1 as approved in the budget under Article 4.

9. To transact any other business which may legally come before this meeting.

At this time Mr. Gardner made a resolution that the town Selectmen and the School Board should do everything possible to avoid any interruption in the pay of the teachers and not to jeopardize the credit standing of the school district.

There being no further business to come before the meeting, on motion made by Fred Timm and seconded by Patricia Newhall it was

VOTED: To adjourn.

Adjourned accordingly at 1:00AM.

Respectfully Submitted,
Pam Lenzi
School Clerk

BUDGET COMMITTEE REPORT
BARRINGTON SCHOOL DISTRICT MEETING
MARCH 14, 1977

GENERAL

The Budget Committee met with the School Board on five occasions to review the proposed 1977-78 budget in detail. Based on these reviews the School Board reduced the originally proposed budget by $21,974.52.

BUDGET ANALYSIS AND COMMENT

The proposed 1977-78 budget represents an increase over last year's budget of 35.5%. The cost per student is $994.91 for elementary and $1197.04 for high/vocational schools. If approved, including the deficit appropriation, a tax rate increase of approximately $10.50 per thousand of property valuation can be expected.

The principal reasons for theis increase together with the Budget Committee comments are as follows:

1. Promotions and cost of living increase for current staff — Increase +$20,061

Comment: The budget calls for a promotion and a cost of living increase of 5% for all teachers and a 5% cost of living increase for all other employees. We note with concern the continuing practice of across-the-board promotions and the lack of a formal appraisal of teacher performance available to the Board. We urge adoption of a policy of promotion based on merit supported by formal performance appraisal. We support this item for this year.

2. Hiring of five additional teachers +$44,805

Comment: The budget is based on a total of 650 elementary pupils; an increase of 125 over the 525 budgeted for last year. Present strength is 563; 38 over last year's estimate. Two of the five teachers have already been hired thus contributing to the deficit appropriation. We support this item but urge that advance hiring be kept to a minimum until estimates are confirmed.

3. Hiring of a Reading Specialist +$ 9,181

Comment: We reluctantly support this item as a stop-gap measure but recommend that the Board attack the reading problem through curriculum revision thus reducing the needed help to part-time tutoring in individual cases. This position should be made permanent without further consideration by the District.

4. Hiring of a Special Education Teacher and providing additional tutoring +$12,566

Comment: We note that 61 pupils or 11% of the current student body have been identified as handicapped children.

We believe that this area is susceptible to abuse and could become a major financial burden in the future unless very strictly administered. We urge particular attention by the Board to the category of "mild learning disability". We support this budget item for this year.

5. Hiring of an Assistant Principal, Secretary, Bookkeeper/Purchasing Agent, and Additional Janitor +$31,364

Comment: We note with great concern the trend toward organizing the elementary and middle schools as separate institutions with separate administrations. We also note that a clerk-typist and a janitor are now federally funded. We support the bookkeeper/purchasing agent provided incumbent also functions as a clerk-typist. We support the assistant principal provided incumbent is required by contract to teach at least ½ time. We support upgrading the present District-funded clerk-typist position to secretary. We feel that additional overhead is not justified and do not support converting a clerk-typist and additional janitor now being federally funded to District funding. We urge the Board to seek federal funding of secretary and/or bookkeeper/purchasing agent positions.

6. Increased Transportation +$32,771

Comment: We reluctantly support this item although we feel that a thorough review of bus routes and strict enforcement of walking rules is badly needed and might reduce this item.

7. Increased Transfer Payment to High/Voc Schools +$66,602

Comment: Based on an estimate 25% increase in High School and Vocational School pupils. Our consideration of present strength, graduation and past experience indicated that a growth of 21% is more realistic.

8. Increased School Lunch Program +$15,000

Comment: Based on number of pupils. This item is federally funded. We support this item.

9. Increased Contribution to Supervisory Union +$ 6,000

Comment: Amount determined by proportion of pupil population in Union. We support this item.

10. Additional Books and Supplies +$ 9,400

Comment: Required to support additional pupils and teachers. We support this item.

11. Miscl. including increased cost of Utilities, Insurance etc. +$ 7,847.86

Comments: Largely due to inflation. We support this item.

12. Deficiency Appropriation +$48,000

Comment: Largely due to hiring two teachers, special education tutors and support for additional pupils. We support this item.

RECOMMENDATIONS

GENERAL: The Budget Committee is greatly concerned that its recommendations, if approved by the voters, still represent a relatively small reduction in a greatly increased cost of education to the taxpayer. Given the continuing increase in students, we are equally convinced that further significant reductions would require basic reconsideration of the type of education and services now offered to our children. For example, our Middle School is now operated as a Junior High School. Its conversion to a straight 5-8th grade elementary school, eliminating such offerings as Shop, Music, Home Economics, Art and Physcial Education as separate subjects would allow significant reductions in staff, supporting facilities and costs. Similarly, eliminating high school transportation would save nearly $50,000 or almost $2.00 on the tax rate. When current costs and the probability of major new construction are considered, the need for a complete reexamination of our school system and the development of a plan for the future that is within the means of the taxpayer to support becomes absolutely essential. We strongly urge the School Board to undertake such an effort immediately in cooperation with the proposed building committee which we support.

SPECIFIC:

BUDGET ACCOUNT		REDUCTION
1. 200-Instruction		-$4,080
Salaries		
Delete Clerk-typist	-$3,080	
Reduce use of substitutes	-$1,000	
2. 600-Operation of Plant		-$6,800
Salaries		
Delete additional janitor	-$6,800	
3. 800-Fixed Charges		-$2,000
Employee Retirement, FICA, etc.	-$2,000	
Reduce based on 1&2 above		
4. 1400-Transfer Accounts		-$8,129
Tution		
Reduce HS/VOC growth estimate from 25% to 21%	-$8,129	

Total Reduction	-$21,009.00
New Budget 1977/78	954,876.45
Deficit Appropriation	48,000.00
Total Appropriation	1,002,876.45

CORRECTION TO MINUTES OF THE SCHOOL DISTRICT MEETING MARCH 14, 1977

Article 8: To see if the district will vote to raise and appropriate in addition to the original appropriations for 1976-77, a sum of $48,000.00 to be made available to the school district prior to July 1, 1977 in order to meet unexpected obligations caused by: 1) Increased enrollment 2) Special Education expenditures required under RSA:A 3) Increased transportation costs.

On motion made by Nina Gardner it was

VOTED: To make a correction in the statues to read RSA 186-A:7.

On motion made by George Plantamuro and seconded by Mary Florence it was

VOTED: NOT to ammend a change in the date from July 1, 1977 to April 1, 1977.

On motion made by Harlan Calef and seconded by Gerald Pinzari it was

VOTED: To change the year from 1976-77 to read 1977-78 and to change the date from July 1, 1977 to July 2, 1977.

At this time for the purpose of clarification, the Moderator reread Article 8 as follows:

Article 8:: To see if the district will vote to raise and appropriate in addition to the original appropriation for 1977-78, a sum of $48,000.00 to be made available to the school district on July 2, 1977 in order to meet unexpected obligations caused by: 1) Increased enrollment 2) Special Education expenditures required under RSA 186-A:7 3) Increased transportation costs.

The Moderator then asked for a show of hands and as a result declared Article 8 ACCEPTED AS READ.

Respectfully Submitted,
Pam Lenzi, School Clerk

MINUTES OF THE SPECIAL SCHOOL DISTRICT MEETING
OCOTBER 3, 1977

A special school meeting of the Town of Barrington was called to order by Moderator Fred Timm at 8:00PM on October 3, 1977. Mr. Timm read the warrant and then turned the meeting over to Mr. Al Shiely, Chairman of the Building Committee. The procedure followed was:

1. A quick review of the report, pointing out significant items.

2. A 20 minute recess to allow individuals to study the report.

3. A question-answer period on the report as reviewed section by section.

Mr. Shiely then turned the meeting back to the Moderator and the following articles were acted upon.

Article 1: To hear the report of the Barrington School District Building Committee authorized by the passage of Article 7 at the annual School District meeting held March 8, 1977 and to select from this report a master plan to provide for the District's construction needs through 1984.

It was moved by Irene Calef and seconded by Norman Arlin to accept the recommendations to the Building Committee as set forth on page 14, to be taken in four parts.

1. Build a four room addition to the Middle School and buy at least 20 acres of usable land by 1978. Defer a decision on further construction until 1979 pending additional census information and curriculum study.

THE MOTION WAS CARRIED

It was then moved by Dawn Hatch and seconded by Mr. Jackson to accept recommendations 2,3 and 4 as written by the committee.

2. Instruct the School Board to develop a curriculum plan (specification) for the years 1980-1985 giving special attention to improvement of basic skills and to the needs of handicapped children. The plan is to be available by March 1979.

3. Instruct the School Board, in cooperation with the Selectmen, to conduct a town census in 1978 and 1979.

4. Establish a building committee at the District meeting in 1979 to revalidate the forecasts contained in this report, review the results of recommendations 2 and 3 above, and recommend further action to the District.

THE MOTION WAS CARRIED

Article 2: To transact any other business which may legally come before this meeting.

It was moved by George Musler and seconded by Irene Calef that the School Board take heed of the excellent work that this Building Committee has done for the School District and reconfirm them to assist in presenting firm school proposals to the regular School District Meeting or a Special School District Meeting.

THE MOTION WAS CARRIED

Special thanks was then given to the Building Committee for all their time and effort.

It was moved by Ron Seaver and seconded by Dan Cappiello to adjourn since there was no further business to come before this meeting.

THE MOTION WAS CARRIED

Meeting adjourned accordingly at 10:10 PM.

Respectfully Submitted,
Pam Lenzi, School Clerk

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School district in the town of Barrington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 14th day of March 1978, at 10:00 o'clock in the fore noon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To choose one Auditor for two years.

Given under our hands at said Barrington this 20th day of February 1978.

Mr. Walter Lovell

District Treasurer

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Barrington of which the above is a true summary for the fiscal year ending June 30, 1977 and find them correct in all respects.

August 11, 1977

Dorothy B. Berry
Ruth T. Rowell
Auditors

REPORT OF THE SUPERINTENDENT AND
ASSISTANT SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the Barrington School District:

As of September 20, 1977 the enrollment in the Barrington Schools was distributed as follows:

Elementary School

Grade 1	2	3	4	Total	5	6	7	8	Total	Grand Total
90	97	70	64	321	73	58	87	68	286	607

In addition the Barrington School District transports the following numbers of pupils to Spaulding High School under the provisions of a ten-year tuition contract:

Grade	9	10	11	12	Total
	46	51	51	35	183

This does not include the 60 pupils tuitioned to Area Vocational and other schools.

When school opened in September, 1977 the Elementary and Middle Schools were organized on the following:

Elementary School Employees	Assignment
Mr. Lockwood Barr	Principal
Mrs. Jenneke Clough	Grade 1
Mrs. Patricia Maize	Grade 1
Mrs. Constance Parsons	Grade 1
Miss Sally Perkins	Grades 1-2
Mr. Mark Greenwood	Grades 1-2
Mrs. Joan Schena	Grades 1-2

Mrs. Shirley Felker	Grade 2
Miss Abigail Morgan	Grade 2
Mrs. Nancy Haseltine	Grade 3
Mrs. Pamela Perkins	Grade 3
Mrs. Margaret Beaudoin	Grades 3-4
Miss Sarah Marschner	Grade 4
Mr. Carl Clarke	Grade 4

Middle School Employees	Assignment
Mr. Patrick Tyre	Principal
Mrs. Frances Cram	Grades 5-6 Reading/Lang. Arts
Mrs. Sarah Huckins	Grades 5-6 Lang. Arts/Soc. - Studies
Miss Lawrice Johnson	Grades 5-6 Math/Science
Mrs. Janice Lygren	Grades 5-6
Mr. Keith Buckovitch	Grades 5-8
Miss Cynthia Elliott	Grades 5-8 Art
Miss Kristin McGahan	Grades 5-8 Music
Mrs. Brenda Brown	Grades 7-8 Math
Mr. Dennis Ciniero	Grades 7-8 Industrial Arts
Mr. John Davison	Grades 7-8 Lang. Arts
Miss Carolyn Marpes	Grades 7-8 Social Studies
Mrs. Marsha Pellitier	Grades 7-8 Home Economics
Mr. James Sullivan	Grades 7-8 Science

Other Staff Members	
School Nurse	Mrs. June Colby
Teacher Interns	Mr. David Ranson,
	Miss Cynthia Westphal
Teacher Aides	Mrs. Marjorie Mielke
	Miss Kathryn Westin
	Mrs. Nancy Anderson
Speech Therapist	Mrs. Linda Silver
Special Education	Mrs. Priscilla Hart
Librarian	Mrs. Ann Brooks
Secretary	Mrs. Grace Haley
	Mrs. Shirley Drouin*
Lunch Manger	Mrs. Lorraine Cossette
Lunch Workers	S. Brown
	K. Mountain
	W. Ricker
	C. Hobson
	M. Brewer
	B. Heffernan
	C. Morrison
Custodians	Mr. Calvin Swain
	Willis Freeman
	Barbara Nasuti *
Clerical Aides	Vickie Freeman*
	Jennifer Coyne*

Also working in the Barrington Schools are members of a joint Title I and Special Education project: Miss Marianne Miller and Miss Karen Schuster.
Personnel listed above with an (*) are funded Federal Programs at no cost to the School District.

Last year in this report, one of the first topics mentioned was the idea of a Cooperative High School to be built in conjunction with the towns of Nottingham, Strafford and possibly Northwood. I speak to this issue again this year. The total number of high school age pupils for Nottingham, Barrington and Strafford is 582 and represents approximately $584,019.50 in tuition costs for fiscal 78-79. I repeat the thought expressed last year that when the population growth patterns for the next decade in these towns are considered, it becomes evident that we could quite possibly provide our high school age pupils with a more meaningful education, formulate high school educational policy through a locally constituted school board and accomplish it at the same or less expense to the taxpayer by constructing our own regional high school. Article I in this year's Warrant calls for a bond issue to underwrite the construction of a four classroom addition to the Middle School. This addition is desperately needed simply to house our pupils. In September 1976 we had a total pupil enrollment in grades 1-8 of 543. In September 1977 the total enrollment was 607, an 11.8% growth. I agree with the report of the Building Committee formed at the 1977 School District Meeting which recommended the purchase of 20 acres of land for the purpose of future school construction. It is quite evident that additional school construction is going to be needed and needed sooner than any of us would like to think. One of the key areas of activity during the current 1977-78 school year has been the further development and refinement of the curriculum by the administration and faculty. This is part of a State-wide trend to have local School Districts identify meaningful guidelines to be used in developing a continual process which will: a) identify educational objectives, b) identify student outcomes, c) identify necessary curriculum modifications and d) develop effective testing procedures. It should be noted that for the first time in Barrington the teachers are in the process of organizing under the new State negotiations law (RSA 273-A). I am hopeful that the communication process between the School Board and teachers will progress smoothly. This law makes it mandatory for a School Board to negotiate conditions of employment with teacher representatives and has caused much consternation in many New Hampshire communitites with the result being ever increasing attorney's fees.... I sincerely hope that the parties involved will make every effort to avoid the pitfalls of this law that many communities and their teachers have experienced. Barrington children have always profited from a cooperative and responsible relationship between the School Board, administration, teachers and community. This cooperation and responsibility must continue if our school system is to take full advantage of the resources made available to it. In summary, we wish to express our appreciation to the members of the School Board, the teachers, pupils and citizens for the cooperation exhibited during the past year. We look forward to a long and productive relationship in which our mutual goal will continue to be the best possible education for our young people.

Respectfully Submitted,
Barry L. Clough
Superintendent

Bernard R. Davis

PRINCIPAL'S REPORT

"The pendulum of school reform swings between extremes of permissiveness and puritanical rule-making and tends to afflict generations alternatingly with the worst of both philosphies. But professional educators have an obligation to take a firmer stand against the absurdities of each era. It is by moderating the progressive and traditional extremes that the most promising answers may be found."

Fred Hechinger

To the Citizens of Barrington:

During the past year, our continued rapid growth has been discussed considerably. From September, 1976, to September, 1977, our enrollment has increased by sixty-seven. The result has been that the Elementary School now has its own principal, Mr. Lockwood Barr, and two additional teachers. Due to space constraints, two self-contained 4th grade classes are now held in the Middle School. The Middle School has added one teacher due to the increase, and one teacher as a result of a curriculum addition/revision. The multipurpose room is used several times a day as a classroom, and one teacher travels from room to room as there is no "home-base" classroom available. Teaching space in both schools is now at a premium.

We are continuing to strive to meet our primary goal which is to give all students a solid understanding and working knowledge of the basics: written communication and mathmatics. As our students come from widely diverse backgrounds and learning styles, your schools are teaching the basics or living skills through a variety of techniques: open-space concept and traditional classrooms, and small group, individualized instruction. Part of the process of instruction is review. During this year, the teachers and I have reviewed/updated the schools' Reading curriculum and are in the process of reviewing/updating our Math curriculum. The curriculum addition previously mentioned is at the 5th/6th grade level. Instead of being included in the large area of Language Arts, Reading is now taught as a separate subject thereby giving it more emphasis. Hopefully, during FY 78-79 this addition can be made to the 7th/8th grade curriculum.

As we continue to grow, so does our role which is to broaden the knowledge and experience of our students. Thomas Edison said, "Civilization doesn't really lean on inventions: the most necessary task of civilization is to teach man to think". Last year, with this in mind, the staff and I applied for and won on a competitive basis a federal Title IV ESEA grant in the amount of $5,000 to implement Talents Unlimited. Based on the idea that every student can think, this project focuses its attention on increasing the student's ability to do productive thinking, communication, planning, decision-making and forecasting. As more of the teachers become trained in this technique of teaching and utilize it with their students, we will see an improvement in their academic achievement, self-concept, and attainment of living skills. During the year the DEEP (Developmental Economic Education Program) has continued to make gains. Carolyn Marpes, Frances Cram, Sarah Huckins, Lawrice Johnson and Sally Perkins have continued to develop their Social Studies, Economics, and Math programs with simulations that have helped our students better understand the everyday practicalities and usages of their studies. Again this year several of our teachers have been

selected to give a Clinic in Boston at the Northeast Conference for Social Studies. The Clinic will be on economic education and citizenship. A counseling project also federally funded has gotten underway this year. Specifically, seventh grade students are seen on a weekly basis by a trained counselor who offers counseling on topics such as peer group and family problems, adolescence, self-concept, etc. As a result, the students have been better able to deal with these topics. Hopefully, this program too will be refunded during the next fiscal year.

In summary, as we continue to teach and give our students competency in the basics through a variety of academic and non-academic programs, it must be remembered that your schools are only one source or avenue of learning. Both the administration and teaching staffs are excited and gratified by the interest and enthusiasm shown toward the schools by the newly-formed parents' councils. We wish to thank you, the citizens of Barrington, those who have served as school volunteers for countless hours, the Barrington Education Association and the many other organizations who too have donated their time and money, and the Barrington School Board for the many extra hours you have collectively given for the betterment of the Barrington School District.

Respectfully submitted,
Patrick Tyre and Lockwood Barr
Principals, Barrington Schools

SCHOOL NURSES REPORT

1977

School started after the holidays with our students getting the brunt of the measles epidemic that swept the state. A measles clinic was set up but had to be cancelled because of the inability to schedule a physician for a couple of hours, to come to our town. A suggestion to towns people is that we contract with a doctor for at least consultation, clinics, and standing orders for emergencies.

Strep throats and flu-like illnesses also plagued the children during the winter and spring. Notices were sent home to parents to keep students home if they showed any symtoms of illness, to try and stop the growing absenteeism of over a hundred students a day that lasted over two weeks.

The annual screening of all students for height & weight, teeth, vision, and hearing was done including head checks for pediculosis. There was one case of pediculosis (head lice) found after the holidays in January 1977. That student had been visiting out of town. Not one of over 600 students were found to be infected this fall, thanks to the cooperation of parents. Any and all defects found during screening are reported to parents urging correction. Retesting is done to see if defects have been corrected.

Last February the annual Scoliosis Screening (curvature of the spine) was done at the Middle School with the assistance of Mr. James Parks who screened the boys. Two students were referred to parents and family physicians, with obvious spinal defects, six others were put on the questionable list and parents allerted to keep watch for changes.

I attended several workshops and accumulated 65 hours of staff development credit and also completed a 3 credit course on "Sex Ed.- Home, School & Community." As a result of this course I set up a Health Education Curriculum for the Middle School that was approved by the School Board last spring, after a Parents Night with only 7 parents interested enough to attend. The Elementary School Health Education Curriculum was approved by the School Board this fall. Outlines and teacher manuals were passed out and gone over with the faculty. Film strips and other teaching aids were also made available to teachers upon request.

School related injuries are kept to a minimum. A few kicked shins and head-on collisions during field hocky season at the Middle School, skinned knees and blistered palms from the monkey bars at the Elementary School. Bee stings and allergic reactions to poison ivy and poison oak bring discomfort to a small percentage of students at both schools.

We continue to have problems enforcing the school policy #5141.2 regarding medication to be given at school. No medication will be given at school if it can be given at home. Non-Prescription medication must be brought, by the parent, to school in a properly labeled container and accompanied by a written permission of parent, including date, time and reason for it to be administered. Prescription drugs must be brought by the parent to school in properly labeled container, a copy of the doctors prescription and a permission form must be signed by the parent. No prescription medication will be given at school until this has been done. An extra day at home may be necessary to complete arrangements to comply with this policy for the protection of the child, the parent and the school.

During the April pre-school registration, Carol Tyre, R.N. and Virginia Adams, R.N. assisted with screening. Approx 70 children were checked for defects in vision, hearing and teeth. Height and weight was taken. Parents were interviewed in regard to childs medical history, need for pre-school physical, adequate rest and nutrition and required immunization. Each child was given a new tooth brush and pamplets were on hand for parents to pick up and take home. Even so, 27 children came to school in September without a physical or even an appointment date.

There is a state wide immunization survey going on now in an effort to find the children not up to date with immunizations. The greatest concern is with those students who were in school when the law went into effect five years ago, stating that each child entering school must be fully immunized. I wish to thank those parents who have been so cooperative in updating their childrens health records. I am worried about the students whose parents are so apathetic as to ignore my requests for information. Measles & Polio are on the comeback. What will be next? Is your child safe?

Starting in September and going until November 17, three teams of two UNH nursing students spent two, ½ days per week for three weeks observing school nursing to obtain knowledge, assisting when time permitted, and each prepared & gave an ed. project such as a lecture on dental care with posters. A puppet show depicting a safe school day and a class on Nutrition Ed with posters. They were welcomed by the teachers and I enjoyed the give and take we shared.

The Matching Funds Dental Clinic, sponsored by Centennial Grange #185 is underway with monies donated by organizations and businesses in town and matched by the state. Numerous volunteers transport eligible children to Dr. James Pierson, DDS in Somersworth, for weekly appointments.

School Nurse Report, continued

I have been fortunate in having Mrs. Valerie Selyma, R.N. as a volunteer to help with the screening one morning a week for the past two months.

I taught 8 periods of First-Aid to two of Miss Johnsons fifth grade classes and one of Mrs. Lygrens fifth grade class. Those who passed the test received a certificate of completion and a wallet size card. I also taught 2 classes on Child Care to two 7th grade classes for Mrs. Pelletier. These students also received a certificate of completion which has helped several students get baby sitting jobs.

A Nutrition Education Workshop was held in Barrington Middle School for interested faculty members of the 4 nearest towns with the acquisition of teaching materials furnished by the National Dairy Council for those attending.

Thanks and appreciation go to all who have been so helpful and cooperative.

June V. Colby, R.N.
School Nurse
